

Carpenters End 87-Day Strike

"Well, folks. Is it going to be a rematch?"

Winch Confident Call Will Come to C.C.F.

C.C.F. LEADER COLDWELL VISITS VICTORIA NOV. 11

M. J. Coldwell, C.C.F. national leader, who will tour British Columbia this fall, will be in Victoria on Nov. 11, it was learned here today from Dr. J. M. Thomas, vice-president of the Provincial C.C.F. Party.

The socialist leader will address only two meetings on Vancouver Island, one in Victoria and the other in Nanaimo on Nov. 10, Dr. Thomas said.

Mr. Coldwell, who is seeking to strengthen his party position in B.C., will invade the province on Nov. 4. His itinerary will follow closely that of Prime Minister Louis St. Laurent, who finished a week-long tour last Monday. It will include Nelson and Vancouver.

Following his visit to Vancouver, Mr. Coldwell will tour the Okanagan Valley, ending his B.C. tour on Nov. 14.

Missionary Elected United Church Head

65-Year-Old Rt. Rev. A. A. Scott of India Chosen Over Five Others as New Moderator

HAMILTON, Sept. 11 (CP)—A jovial 65-year-old college principal from India was elected moderator of the United Church of Canada on Wednesday night—the first time the church's highest office has gone to a missionary.

Rt. Rev. A. A. Scott, principal of the Christian College at Indore in central India, and a missionary there for 40 years, was elected on the fourth ballot at the 15th biennial General Council. He was chosen over five others.

In a simple, brief, but impressive ceremony after the election, the retiring moderator, Very Rev. C. M. Nicholson of Halifax, installed Dr. Scott by placing the stole of office, with the crest of the United Church embroidered on each side, on his shoulders.

Then after his brief address and the singing of the doxology, Dr. Scott pronounced the benediction, his arms outstretched under the high dome of Hamilton's First United Church.

Both Dr. Scott and his wife are natives of Carleton Place, Ont., where his father was a clergyman. He graduated from Knox College, Toronto, in 1911 and the following year did post-graduate studies at Edinburgh and Glasgow. In 1912, he was ordained and went to Indore, then a Presbyterian mission, where he has served ever since.

It became a United Church mission at church union in 1925. Dr. and Mrs. Scott arrived in Canada five weeks ago on a 1½-year furlough.

Before the election of the new moderator, Dr. Nicholson called

for eventual union of the United Church, the Church of England in Canada, the Presbyterian Church in Canada and the Baptist Church.

Discussions are now being held between United and Anglican Churches concerning the eventual organic union of the two bodies. Until that is accomplished they are seeking ways to co-operate closely in many fields.

Russians End Blockade

BERLIN, Sept. 11 (AP)—Gen. Vasily Chuikov, chief of the Russian control commission, notified American authorities tonight that the three-day "blockade" of United States military police patrols between the city and a frontier outpost has been lifted by his order.

Banker Backs Dollar Parity

REGINA, Sept. 11 (CP)—Parity between Canadian and United States currencies would be a much more healthy condition for Canadian business than the present premium on Canadian dollars, L. S. Mackersy, general manager of the Imperial Bank of Canada, said today.

Mr. Mackersy, in Regina in the course of a routine visit to western bank branches, said in an interview that if the Canadian dollar continues to rise in value in comparison to American funds it will have a harmful effect on business.

Girls Missing

PENTICTON, Sept. 11 (BUP).—An extensive search is under way today for two 14-year-old girls who have been missing from their Penticton homes since leaving to go to a movie Tuesday night.

The families of Reita Jefferies and Evelyn Tillison say they do not know what could have happened to the girls.

KATHLEEN SURVIVORS ON WAY HOME

334 En Route To Vancouver

Es. Princess Elizabeth left Juneau at 9 p.m. Wednesday, with 220 passengers and 114 crew members of the sunken Princess Kathleen. Elizabeth will arrive at Prince Rupert late tonight and dock in Vancouver Saturday.

Time of arrival in Vancouver will be announced later.

The long process of sifting facts about the shipwreck is continuing. At the C.P.R.'s company enquiry, statements have been recorded by Capt. Graham O. Hughes, first officer Charles W. Savage (officer on duty), quartermaster Sam Mitchell (at the wheel), lookout George Kramer, night watchman James Bennett and radio operator William Adams.

All testimony is locked away in company files and the crewmen have been told not to talk to outsiders.

Capt. Oliver J. Williams and a party of salvage experts left Seattle by air today for Juneau and a first-hand examination of the wreck to decide on salvage possibilities. H. A. Cummins, Salvage Association of London, representing the underwriters, is with the group. His company will make the decision on attempts to raise Kathleen.

R.C.M.P. Hold Names in B.C. Mystery Crash

KELOWNA, B.C., Sept. 11 (BUP).—The R.C.M.P. have refused to release the names of three men involved in a mystery car accident near Kelowna in the Okanagan Valley. One man was killed and three injured when a stolen car careened off a bridge and landed upside down in undergrowth 200 feet below.

The body of the dead man was found 32 hours afterwards in the wreckage of the vehicle. A critically injured man was found unconscious nearby.

Earlier, the third man was found wandering Kelowna streets in a dazed condition. He was taken to hospital where he said he had been "beaten up." He said nothing about the accident, despite the fact that one of his companions lay dead at the scene and the other was seriously injured.

Police said the car was stolen from the garage of school principal George Falconer at Vernon. Farmer Ted Carney spotted the overturned vehicle.

British Women Serve With Regular Troops

LONDON, Sept. 11 (Reuters).—For the first time in history the British army announced today that it is sending women soldiers overseas to serve in the ranks of regular troops.

Three officers and 54 enlisted members of the Women's Royal Army Corps will fly to Gibraltar September 30 to form part of a mixed anti-aircraft battery there. They will work as fire control operators, telephone operators, drivers and clerks. Women have been sent overseas in the past only for non-operational jobs.

CITY POLICE RECOVER BODY

Body of 65-year-old Vancouver man was recovered from the inner harbor waters by the Causeway this morning by city police. Police withheld the man's name until next of kin have been notified.

The body is at Hayward's B.C. Funeral Parlors. Police said the body had apparently only been in the water a few days.

Winch, like Barkis, is willin'.

There's bin a lot o' hammerin' on political planks all summer in spite o' th' carpenters' strike.

M' Uncle Zeke sez he hopes now they'll work as hard at drivin' nails as bargains.

LOVELY SECRET SERVICE AGENT'S KILLER TO DIE

LONDON, Sept. 11 (Reuters).—Three minutes ticked by on the clock of Old Bailey criminal court.

In that time a murder trial opened, ended, and a man was sentenced to die for the jealousy slaying of a beautiful Polish countess who became famous during the war as a British spy.

That was the way Dennis Muldowney, 41, wanted it. He confessed his guilt, refused to have a lawyer and would not say anything in his defense.

Muldowney had admitted a tempestuous love affair with 37-year-old Christine Granville, countess, beauty queen, British agent and heroine of the underground struggle against Hitler. He confessed he stabbed Christine to death because she was seeing another man.

When the judge sentenced him to "hang by the neck until you are dead and may the Lord have mercy on your soul," Muldowney replied calmly: "He will."

Surrender Plea By Boyd's Wife

Leader of Jail-Breaking Gang Asked to Give Himself Up in Published Appeal

TORONTO, Sept. 11 (CP)—Mrs. Edwin Boyd today appealed to her jail-breaking husband to give himself up.

The appeal, in her own handwriting, was reproduced on the front page of the Toronto Telegram.

MRS. BOYD "Surrender, Eddie."

'Demerits' May Come to Haunt B.C. Motorists

VANCOUVER, Sept. 11 (CP).—The attorney-general may get a recommendation later this fall to rule drunken and dangerous drivers off the provincial highways by means of a point system now in force in Manitoba.

Vancouver Traffic and Safety Council Wednesday night ignored the drunkometer and voted to study the Manitoba system along with Vancouver Insurance Agents' Association.

Feeling of delegates was the drunkometer and the "driving while impaired with alcohol" clause might take care of the drunken driver but ignores the motorist who consistently breaks other traffic laws.

A council member said later the Manitoba law, now in its second year of operation, is working "very well."

Under the system, a motorist gets so many demerits for failing to observe a stop sign, for drunken driving, for ignoring speed zones and other traffic regulations and after piling up so many black marks is ruled off the road.

Sugar, Cheese Prices Jump In Britain

LONDON, Sept. 11 (Reuters).—The price of cheese, sugar and shortening goes up in Britain Friday—in the midst of growing living cost complaints and wage claims from organized labor.

The government will announce the new prices Friday as part of the policy undertaken by Prime Minister Churchill's administration to cut down on the food subsidies.

After election in October, 1951, the government slashed 40 per cent off the £400,000,000 which the former Labor government was paying food producers in an effort to keep retail prices down.

Up to July 1 food increases had amounted to about 11 pence per pound per week. Monday's jump will bring the figure to one shilling and sixpence.

The government spread out the increases so as to gear them with the operation of certain compensating social benefits. These include increased pensions and higher family allowances under the social security system and cuts in income tax. Most of these now are in operation.

Immediate Increase Of 25 Cents an Hour

By DAVE STOCK

Victoria's summer-long carpenters' strike will be over tonight.

At press time this afternoon representatives of the carpenters' union and the Victoria Builders' Exchange were meeting at the Labor Relations Board office to incorporate terms of settlement in a new agreement.

It was anticipated the agreement would be completed and formally signed by 5 p.m.

Terms of settlement are exactly as outlined in the Victoria Daily Times Wednesday.

Carpenters win an immediate 25-cent increase. They return to work at \$2 an hour.

On Dec. 15, of this year, they will be given a further raise of 10 cents an hour, bringing their pay to \$2.10.

The contract will be in effect for a full 18 months. Its expiry date will be March 31, 1954.

Terms of settlement were put forward Monday by the B.C. Labor Relations Board as a compromise solution to a union-contractor stalemate which has tied up the local construction industry for 87 days.

The strike began here June 17.

First Demand 75 Cents an Hour

Before the walk-out, carpenters had demanded a 75-cent pay boost, to bring their hourly rate from \$1.75 to \$2.50. The contractors' answer was that it couldn't be considered.

Shortly after commencement of the strike, the union said it would settle for \$2.10—which was established as the new rate of pay in Vancouver and up island. Contractors offered \$1.90.

There the two parties stayed for months, during which time neither side made any attempt to move.

Carpenter strikes elsewhere in the province came to an end, but the parties here remained deadlocked.

The Labor Relations Board moved into the picture, calling both sides together for "round-table talks." The initial meetings, although cordial, produced nothing tangible.

Real break in the strike came last week when contractors put forward a \$2 offer. At the time, it was submitted as a take-it-or-leave-it proposition.

The union submitted the offer to a standing vote of its members, and the \$2 rate was flatly rejected.

The "\$2 now and \$2.10 later" idea was proposed by the Labor Relations Board at a meeting it called the first of this week. Terms of the compromise formula were not officially revealed until today.

Carpenters, members of local 1598 of the United Brotherhood of Carpenters and Joiners, heard the proposition at a meeting Wednesday night in the Britannia Branch, Canadian Legion Hall, and voted to accept on recommendation of the union's bargaining committee.

Members of the Victoria Builders' Exchange, which embraces all major contractors in the area, who employ most of the building tradesmen, met this morning at 10 a.m. to ratify terms of the proposal.

William J. Hamilton, president of the exchange, announced to the Times at noon that contractors had agreed.

Meeting to Sign This Afternoon

"It's all over," he said happily. "We're meeting to get the thing signed this afternoon."

Ernest Oliver, chairman of the union's strike committee, was in touch with Mr. Hamilton minutes afterward.

He announced immediately following that union membership had authorized the bargaining committee to incorporate the settlement plan into a proper work agreement with the exchange.

He maintained, however, the union would press for the same deal from smaller contractors who are non-members of the exchange.

There was no reason to believe this attitude would in any way prolong the strike against the smallest firms.

F. A. Cook, secretary of the

Victoria Contractors' Association, which speaks for practically all of the small home-building contracting firms, acknowledged that association members met on Tuesday to consider the strike situation and had agreed that they would fall in line with whatever exchange contractors decided.

"Most of our members feel \$2.10 is too much," he said. "But we are more or less bound by what rate the Builders' Exchange pays. Probably what will happen is that we will enter into the agreement but will not be able to employ as many carpenters as often as we have in the past."

He said the higher rate of pay for carpenters would have the effect of reducing the demand for new home construction.

\$500,000 Wage Loss Suffered By Strikers

By DON INGHAM

The most conservative of estimates place the wage loss caused by the 87-day strike of Victoria carpenters at more than \$500,000.

About 300 carpenters passed up 62 working days during the strike period, and in that time it is believed an equal number of building tradesmen lost work because of closed projects or refusal to cross picket lines.

Most unpopular aspect of the strike, to contractors and carpenters alike, was the work stoppage on schools that forced inauguration of the shift system in some schools.

Settlement of the dispute marks the end of one of the longest strikes ever carried through in Victoria according to labor experts, and certainly one of the longest in the construction industry.

Afraid of Traveling by Air?

For those people who might have qualms about flying, British engineers have come up with this twin-engine helicopter. Known as the Bristol 173, it is de-

signed for commercial use and was shown at the Farnborough air show. (Mirrorphoto.)

ONE WOMAN'S DAY

By NANCY HODGES

GOLD RUSH ECHO

BECAUSE THIS province has forged ahead so rapidly in the last decade or two, we are prone to forget its comparative youthfulness as compared to the rest of Canada. I received an interesting and entertaining reminder of it the other day from a reader of this column.

It was a well preserved copy of the four-sheet Glenora News dated June 18, 1898. At its masthead it noted that "Glenora is the metropolis of the Cassiar district, is practically the head of navigation on the Stikine and is the 'warmest' town north of the 49th parallel. The News is the only newspaper in the Cassiar district and is published 800 miles north of all other newspapers in British Columbia."

'HUSTLING ABILITY'

I CHUCKLED at the frank, if lofty, ambitions of the publisher of that little weekly, as further set out in the editorial masthead:

"The aim of the News is to advance the interests of the All-Canadian route to the Klondike, to labor for the trade of the Klondike for the merchants of Canada, and to reap for its publishers the reward their hustling ability earns."

Whether the publisher ever attained that reward and satisfied that ambition is questionable, as I understand the paper's life was of but very short duration. The copy she lent to me is No. 4, Vol. 1, and she is of the opinion that very few were published after that, despite their hustling.

TRYING TESLIN TREK

MOST OF THE issue is given over to the arrival of "the leaders of the Everett-Rogers party from Soo Ste. Marie, Mich., who have made the trip over the trail from Teslin Lake to Telegraph Creek in five days." The banner heading, "Just Arrived From Teslin!" is evidence that this was quite a feat, even in those days.

Sensationalism was as much a feature of journalism then as it is today, it seems. For, when interviewed by the Glenora News, Dr. Rogers and Mr. Everett were "very much annoyed at the stories that have been manufactured out of their alleged actions on their trip from Cottonwood Island to Glenora, which all sprung from one circumstance, when one of their pack animals ate a corner off a bale of hay belonging to an Englishman, named Poore."

ON BAD TERMS

THEY PARTED ON bad terms, although Dr. Rogers, says the News, gave Mr. Poore a new and larger bale in settlement. But the story got around that the party had "attempted to steal the only bundle of hay the 'poore' man had." The yarn lost nothing in the telling, until in the Seattle Times of May 31, 1898, this juicy item had appeared:

"The latest sensation on the Klondike trail is the raid of one Dr. Rogers and his 20 thieves, who made a quick journey through to the lake with 20 dogs, stealing outfits, hay and horses, terrorizing the camps. Their clean-up was enormous. They fed the horses to the dogs as they could not use them. The police are after them."

Can you wonder at Dr. Rogers having been "very much annoyed," as the Glenora News mildly puts it?

'TERRIBLE STENCH'

ANOTHER SENSATIONAL story, copied from the Ottawa Free Press of an earlier date, records the experience of a Scot, Wm. Stuart, and a Reuter's correspondent, in their trip across the White Pass to Bennett Lake. According to Mr. Stuart:

"The trail between the Cabin and Bennett is in an awful state, mud and water up to your waist in places and dead horses lying just as they died on the trail. It will be hard to bury them as there is not enough mud to cover them. The stench is bad enough now, but in another month it will be awful. . . . There are over 3,000 dead animals, horses, cattle, dogs, goats and sheep from Skagway to Bennett. It is like going over a battlefield."

"What with the cursing and swearing and the yelping of dogs and the sight of the dead animals it makes many a man wonder if all the gold in Klondike is worth such a sacrifice? I think not, but being Scotch I cannot turn back, but must march on."

LYING CABBIES

BUT WHAT AMUSED me was the interjection, right into the middle of that gruesome portrayal of the hardships that men endured in their search for gold, in the Klondike, of this terse comment: "The lying cabbies of Niagara are not in it with Dyea and Skagway cabbies."

That Scot evidently considered the "taxi-drivers" of that day and district almost as big a menace as the other rigors of the trail of '98.

City Police Catching More Errant Drivers

Proof that city police are on the watch for speeding drivers is shown in July-August reports submitted to the police commission Wednesday. Seventy-five drivers were "ticketed" for traveling over 30 m.p.h., and paid fines totaling \$1,155. Twenty-six motorists, convicted of careless driving, were fined \$805 during the two months.

\$13,750,000 IS CANADA'S RED FEATHER GOAL

1951 Donations Fell \$1,000,000 Short

OTTAWA, Sept. 11 (CP)—Canadians will be asked to contribute \$13,750,000 to this country's Community Chests for use during 1953, it was announced today by Stuart M. Philpott, national chairman of the Community Chests division of the Canadian Welfare Council.

This is an increase of 15 per cent over the \$11,900,000 raised for 1952.

The increase is needed, Mr. Philpott said, because a larger city and suburban population is being served by the chests, because of rising costs of health, welfare and recreation services, and because last year's Red Feather campaigns fell nearly \$1,000,000 short of their combined objectives.

The campaign goal for each chest is determined individually by local committees who study the finances and programs of member Red Feather agencies.

Victoria's Red Feather campaign, which starts September 29, will have an objective of \$195,000. Last year only \$167,000 was raised toward a \$236,000 objective.

Largest increases in objectives for 1953 are those of Belleville, Ont., and Moose Jaw, Sask., who will seek about 35 per cent more than last year. Vancouver and Winnipeg will need 24 per cent more, Toronto 20 per cent more, Ottawa 13 per cent and the Welfare Federation of Montreal 10 per cent.

The campaign in most cities aimed at financing a total of \$19 voluntary agencies across Canada will be conducted in October.

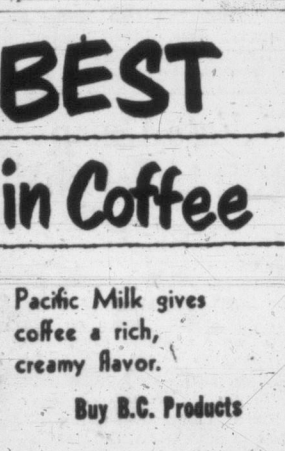

Belgium's Spaak Elected Head of Schuman Group

STRASBOURG, France, Sept. 11 (AP)—Paul Henri Spaak of Belgium, veteran presiding officer of many international gatherings, today was elected first president of the Schuman Plan's general assembly.

Spaak, leader of Belgium's Socialist party, won a 38 to 30 victory over Heinrich von Brentano of West Germany in the contest to pick an assembly chief for the west European coal-steel merger.

The assembly began its inaugural session Wednesday in Strasbourg's Maison de L'Europe. Spaak has served as president of the United Nations General Assembly and of the Council of Europe's consultative assembly.

The assembly also will become the European defense community assembly if and when the European army treaty is ratified. France has not yet ratified the pact.

U.K. WORKERS GO SLOW ON 'SLOW' DATE

LONDON, Sept. 11 (CP)—Union leaders of 3,000,000 British engineering and ship-building workers today postponed until Monday setting a date for a proposed country-wide go-slow campaign that would seriously affect the defense effort.

The Workers' Confederation voted Wednesday night to ban overtime piece work in protest against rejection of wage-increase demands.

Union chiefs said today they will discuss the situation Monday with Sir Robert Gould, government labor conciliator. They received an invitation to meet Gould just as they were assembling to discuss the date.

The quick government move came as something of a relief for the union leaders, many of whom are as perturbed as the government about the threat to industry.

New British-U.S. Talks Forecast in New Year

NEW YORK, Sept. 11 (AP)—The New York Times reports today the British government will seek high-level talks surveying the entire range of western trade, monetary and financial policies with the new United States administration early next year.

The projected discussions, a Times dispatch from London said, will aim at a re-examination of every aspect of trade and financial life. They would not be merely another in a series of talks relating to specific U.S.-British difficulties.

"Everything must be thrown into the hopper and shaken up to see what it looks like in the light of experience," the story quotes what it called an authoritative British source as saying.

Soviets Not Planning Attack Declares Tito

SPLIT, Yugoslavia, Sept. 11 (AP)—Premier Josip Tito says he is convinced the Soviets are not planning an attack on Yugoslavia in the near future. If it does come, he warns, it will spark a Third World War.

In an interview with a group of visiting Norwegian newspapermen, released Wednesday night, the Yugoslav leader emphasized that his country would resist any attack. "We are ready," he said. Russian domination of the Mediterranean life line to the east.

In his answers, Tito showed confidence in the strength of his regime despite the hostility of his Cominform neighbors and economic troubles stemming from drought in 1950 and this year. He also made clear his reasons for believing the west would continue to send him military equipment.

"The question of defense of western Europe depends to a very large degree on Yugoslavia, no matter what the propagandists say," he declared.

Among his other answers, Tito made these points: 1. Yugoslavia could defend herself successfully against any attack by one of the Soviet states.

Beautiful KEM-GLO
the most economical enamel
NEEDS NO PRIMER OR UNDERCOATER

2. Yugoslavia needs more military equipment from the United States, especially jet planes, heavy armor and such special devices as radar.

3. Present and future scheduled talks among Yugoslav, Greek and Turkish military leaders are only "the first step" toward co-operative defense measures.

4. The effects of this summer's severe drought will not be as serious as those which followed the 1950 disaster.

5. Yugoslavia will not give up her claims on Trieste, the strategic Adriatic seaport which is the subject of a bitter dispute between this country and Italy.

A Rebuke to Lawyers

ONE RECENT STATEMENT BY MR. St. Laurent in Vancouver—apparently casual but obviously deliberate in its intent—should not be overlooked. Opening the new law faculty building of the University of British Columbia, the prime minister said:

"Legal education, like other forms of education, is and should remain within provincial jurisdiction. But that does not mean that lawyers should have a provincial outlook. Nor does it mean that it is a good thing for lawyers, or for the administration of justice in Canada, to raise too high the boundary walls that divide the practice of the profession between the various provincial jurisdictions."

The lawyers of British Columbia at least understand that rebuke from one of the most eminent lawyers of the nation. Mr. St. Laurent certainly had in mind and was thus protesting against the present attempt of the legal profession to erect tariff walls around this province to maintain a kind of unofficial closed shop.

When a British Columbia graduate from our provincial law school and is called to the bar he pays a fee of \$500 for the right to practice his profession. But if the graduate of a Canadian university outside British Columbia comes here to practice he is charged a fee of \$1,500. The whole purpose of this discriminatory fee (which can be an effective barrier to a young man without financial means) is to keep lawyers out of British Columbia. It is a tariff, nothing less and, as such, is repugnant to the whole spirit of our constitution, which forbids all inter-provincial barriers.

From time to time British Columbia lawyers have protested against this abuse, so far in vain. Perhaps the legal profession will reconsider its policy when it is rebuked by the prime minister. He and his government have no power in

this matter, which comes solely under provincial jurisdiction, but the provincial government and legislature have complete power to correct an undoubted evil.

The Law Society of British Columbia is the creation and creature of the legislature, established by statute, with drastic and almost unlimited powers over the legal profession. The legislature, in fact, has delegated to this body the right to make laws governing the whole professional life of its members. Assuredly the legislature never imagined, when it granted these powers, that they would be used in a discriminatory fashion to build what Mr. St. Laurent calls "boundary walls" on provincial boundaries.

In the same way the legislature has granted sweeping powers to many professions, to medical doctors, dentists, engineers, surveyors and others. Each of these professions sets up its own organization, which then prescribes methods of practice to its members, charges them fees and disciplines them for breaches of the rules.

When the legal profession establishes a discriminatory tariff, when complaints against other professions have been increasingly heard of late years, when even the prime minister of Canada feels compelled to protest, it is surely high time for the legislature to consider what its legal delegates are doing.

Mr. Winch has often talked about such an inquiry and we think he is wise in demanding it. Most of the professions have no reason to fear it and every reason to be proud of their high ethics and magnificent public service. The whole question of professional organizations having been raised, and by no less a figure than the prime minister. The legislature should give it immediate consideration and, wherever necessary, should use its powers to correct abuses committed under its delegated powers and in its name.

Lenin's Strange Legacy

IN THE FIRST DAYS OF THE RUSSIAN Revolution Lenin said that "Soviet power is a new type of state in which there is no bureaucracy, no police, no standing army." The irony of that assertion in current Russia is striking enough to make Lenin stir in his glass mausoleum. The state which, by Marx's recipe, was to "wither away," is the strongest and most ruthless in history, the bureaucracy is the largest, the police are the most oppressive and the standing army the most powerful.

But it is in the theory of equality between men that the revolution conceived by Marx and executed by Lenin has been most strikingly caricatured. Where Marx affirmed that the proletariat could not "attain its emancipation without at the same time, and once and for all, emancipating society from all exploitation, oppression, class distinctions and class struggles," the hard and stratified class structure of Stalin's Russia makes America look like a classless society.

Some of the latest figures, showing the wages paid to various classes of workers in Russia, are published in The Christian Science Monitor. They show that the wages of industrial workers average \$125 a month. Top specialists may receive \$500 and some highly-propagandized shock workers \$1,000 to \$2,000. That is Stalin's version of equality for all workers.

The great gulf, however, stands between the worker and the manager. Managerial salaries average from \$12,000 to \$20,000 a year. Professional people and artists reach \$25,000 to \$50,000.

The state, however, is not satisfied to differentiate the classes by money rewards only. It nails down the distinction and reinforces the privileged classes by law.

For example, the technical and managerial staff in a Soviet factory eats in its own dining room where the food is far better than that served to the emancipated workers. This is true also in the army. The members of the MVD, the secret police, have their own food, clothing and furniture stores where the best merchandise is sold at cut-rate prices. The children of the secret police even have their separate schools. And in creche and day care centers the children of the privileged are given special attention.

At least Stalin can claim to be quite candid about all this. He long ago dismissed the theory of equality, preached by Marx and Lenin, as the mutterings of "windbags," and even said that it was the invention of capitalists. Stalin believes in inequality as strongly as he disbelieves in communism. The difference between his kind of society and a free society is that in Russia inequality is enforced by the state for the protection of an iron-clad ruling class, backed by the whole apparatus of state power, whereas in a free society rewards are determined by competition, not by the government.

In the final paradox of these times the free societies are more and more leveling wealth by taxation whereas the "classless" society of Russia is more and more separating and rigidifying the classes.

It must do so for its own protection. The proletariat must be given no chance of emancipating itself from the new masters whose regime depends on terror.

In the Valley of the Nile

THE SEIZURE OF ABSOLUTE power in Egypt by Maj. Gen. Mohammed Naguib brings the current political upheaval to full cycle. The despot, as is so often the case in armed revolutions, has been succeeded by a despot.

While no true believer in democratic government can condone the recent Egyptian doings, there is some tendency to look not too unkindly upon Gen. Naguib, in view of the sad lack of statesmanship and kindly qualities that marked his royal predecessor.

There is hope, too, that the military dictator's announced intention of resigning by next February in order that national elections may be held and proper parliamentary government established, will be carried out. Such a voluntary retirement from the driver's seat would distinguish him from many who have entered upon a similar career. But it may be that his advent—and retirement—will yet herald a new day for Egypt, so long, to reverse the phrase, the country without a man.

Kissed by the Sun

MEMBERS OF THE COMMON-wealth Parliamentary Association meeting in Ottawa have been told by Seto Govind Das that when his forebears went to India some thousands of years ago they were fair and had blue eyes. Mr. Govind Das also ventured the opinion that the people of Australia are, even today, becoming browner.

The distinguished Indian parliamentarian may have provided grounds for an anthropological argument. What ever may be the outcome of pigmentation discussions thus provoked, the gentleman from India has underscored the shallowness of conventions established on the basis of skin color.

At swimming resorts during the last two months a similar, if shallower, distinction has been drawn. The individual venturing forth in the modern swim suit to reveal large surfaces of seldom-exposed tissue in all its pallor has been the subject of pity. If not ridicule, on the part of others who have acquired a "healthy" coat of tan. Fish-belly white has been an unpopular skin hue for those who have assiduously tried to cultivate, for the summer season, a color comparable to that which Mr. Govind Das' people have achieved, on his statement, in the course of a few thousand years.

If the weather holds, the Commonwealth Parliamentary Association might adjourn to the outdoor swimming pool to continue its deliberations on the subject.

LOOSE ENDS

The Actors

By BRUCE HUTCHISON

NO well-mannered Canadian will publicly express a preference between General Eisenhower and Governor Stevenson. This is purely the business of our

Hutchison more touching statesmen everywhere.

YOU would think that when a democratic electorate was choosing a leader of the state it would be mainly interested in the man himself and his policies, not in his public appearance, his manners, his speeches and his accent. But in the United States and increasingly in Canada the public rates a statesman as it would rate an actor.

It is commonly said, for example, that Governor Stevenson is a far better speaker than General Eisenhower, as undoubtedly he is, but so what? The next President of the United States or the next Prime Minister of Canada should not be chosen to make speeches, to utter witticisms or strike attitudes. All these are part of his business but not the essential part. His job will be government, not play acting.

HERE we are paying the penalty for our modern methods of communication which bring the voice and, by television, the visage of a candidate right into the living room. He ceases to be a name and becomes a face. And too often he ceases to be a statesman and becomes a stage figure, judged by his ability to say his lines trippingly on the tongue, to adopt the histrionic pose and to out-Herod Herod.

Millions of Americans, no doubt, will vote for General Eisenhower solely because they like the looks of the man, as who wouldn't? Millions of others will vote for Governor Stevenson because he is obviously the ablest American orator since Roosevelt and, so far as I am concerned, is a much greater master of English than Roosevelt ever was.

HOW MANY people will look beyond the image of the movie or television screen, will sift the content of the speeches from the mere parade of words to find the real man, the real policy? Not many, I imagine.

The result of this modern technique of mass politics is quite comical in its paradox. The public sees and hears statesmen by radio, movies and television as never before, but it knows less and less about them. Only when he is dead some years do the American people begin to understand Roosevelt, who was their apparent comrade and familiar for thirteen years. The caricature of his real self presented by Mackenzie King for three decades still persists and will not be rectified for a long time yet.

THE TRUTH probably is that statesmen, like all game hunted by the natural enemies of the forest, are compelled by a kind of evolutionary process to take on a protective coloring in sheer self defense. Perhaps in Lincoln's time a statesman could afford to be himself in public because most of the public never saw him, though it is a melancholy thought that even in that remote time the audience at Gettysburg paid no heed to Lincoln's immortal address and lavished its applause on a windy orator who spoke, with the grand gesture and rolling period, for two hours.

AT ANY RATE, when a modern statesman finds a battery of microphones and cameras turned on him he is primarily concerned to look the part. He has to be an actor, whether he likes acting or not, because it is largely as an actor that the public will judge him. How a leading statesman ever has any time for statesmanship, or even for thought, when he is thus constantly on-parade it is difficult to imagine. All our statutes fail to prevent unpaid overtime and sweated labor among the politicians, who have no trade union and cannot bargain collectively.

NO AGE, of course, has been so interested in actors as ours is. A small crowd in London might worship Garrick in the Johnsonian age and perhaps one Englishman in ten thousand had heard of Shakespeare when he was alive. Today the actors and actresses of Hollywood bedstride the earth like colossi and are worshipped with a childish affection never accorded the kings and emperors of old.

This is perhaps natural in an age so monstrous in its reality that all its inhabitants try to escape into fantasy on the screen. But in politics there is no such escape, for reality is the sole business of politics, and real men, with their own thoughts, not actors, mouthing the lines of others, alone can manage that reality after the curtain has mercifully been rung down on the election play and the candidate can remove his make-up.

Swan Song

Ottawa Citizen

There are seemingly no limits to the wonders of science. It has now produced, via the National Research Council, a device for discouraging migratory ducks from gorging themselves at the expense of prairie wheat farmers. There is nothing brutal about it; it just makes a loud noise. It is, in fact, a siren of large size, producing "a high continuous screech that can be heard within a four-mile radius."

Experiments in the Kindersley plains of western Saskatchewan show that the ducks don't like the noise. Neither do the operators of the siren, who must plug their ears. Neither, one would imagine, will neighbors of the farmers who employ this form of insurance against marauding waterfowl.

This may turn out to be a case of the cure being worse than the disease. It may be preferable to pay the ducks their fee and so save lawsuits for disturbance of the peace and also bills for the repair of shattered nerves and eardrums.

Double Boiler

As Our Readers See It

DISSOLUTION

It should be clear to most people that Mr. Bennett is completely out of court in his belief that he is legally entitled to ask the Lieutenant-Governor to grant him a "dissolution" to enable his Social Credit Party to embark on another general election without first calling together those whom the people of British Columbia elected to constitute the 23rd legislature.

In the first place, the 23rd legislature does not yet exist in the constitutional sense of the term, since no private member-elect has been sworn in and no Speaker has been appointed.

In the second place, as already implied in your editorial columns, Mr. Bennett would be pulling a preposterous political boner were he to try to get Government House on the gratuitous assumption that he could find the Lieutenant-Governor in constitutional kindergarten.

There is a paragraph in Sir T. Erskine May's Parliamentary Practice, 15th edition (1950), Chap. xiii, page 268, with which Mr. Bennett is or ought to be familiar. It reads, applying to the British House (whose procedure, of course, we use), as follows:

"The principal proceedings which distinguish the meeting of a new parliament from the opening of any subsequent session are the election of a Speaker, and the taking and subscription of the oath by members of both Houses."

So far, only cabinet ministers have taken and subscribed to the oath. And, after all, the Lieutenant-Governor is not a "magician"; he cannot "dissolve" what does not exist.

VERITAS.

UNITED NATIONS

I have a great respect for Mr. G. W. Abraham whose letter appears in your issue of the 5th. But I must take issue with him when he brands the United Nations as the "child and tool of inter-

national finance" and also as "non-Christian."

Many of the member countries of the United Nations are Christian countries—Canada for example. On the other hand it must be remembered that the world is not composed entirely of Christians and we have no monopoly on religious belief or philosophy. I believe I am correct in saying that Christians are in the minority and that the Moslem religion numbers more than we do.

I believe the Christian belief to be the best and most complete philosophy of life, but at the same time, anyone who takes the time and trouble to study the principles of other religions will find that they nearly all agree on fundamentals. If we all work towards belief in the Fatherhood of God and the Brotherhood of Man we shall go a long way towards establishing peace and a better world for all mankind, and this can be done whether we subscribe to the teachings of Christ or not.

Also I would like to point out that the United Nations, through its specialized agencies as F.A.O., W.H.O., and many others is feeding the hungry and healing the sick. In that way they are carrying out the commands of Christ in a practical way.

At U.N. headquarters there is a room set aside for worship and meditation where all may go (and many do go) for Divine guidance.

The United Nations is not perfect, but it is a step in the right direction and it needs the support of every thinking man and woman. It is surprising how little is known of its wonderful accomplishments since the signing of the charter.

Literature can be obtained through the U.N. local branches and I hope those who read this letter will take the trouble to obtain some of the many pamphlets and papers, and find out for themselves just what is being done.

DOROTHY SPURR,
Chairman Publicity Committee, Commonwealth United Nations Group.

'That Is a Glory'

(From THE OTTAWA JOURNAL, the Progressive Conservative organ in the national capital).

SPEAKING in New York before 16,000 members of the American Legion, General Eisenhower drew his biggest applause with this:

"Let us bend ourselves to end corruption in public office at every level of government. The United States is no better than its public officials. Pre-occupation with their own profit... undermines America's strength."

In a nation, as in an individual, the temper of the Pharisee is a poor thing. Yet in thankful truth we here in Canada can say that no public man in this country needs to stand on a platform and say about our government, our officials, or any of our public men, what

General Eisenhower felt need of saying to the people of his country.

We Canadians have our failures, in government and in other things. Yet when the last word of censure is spoken, when the litany of error is called, it still remains true, and the most cynical cannot deny, that corruption in our government is unknown. Within a generation we have fought two world wars, have expended billions, often with desperate haste. To the eternal credit of our public men no man in this country today dares to rise and say, or can say with truth, that a single cent of the billions spent was diverted to a private pocket from its proper channel.

For our democracy, whatever its shortcomings, that is a glory.

Not Much Hope Of Revolution

By WALTER LIPPMAN
From Washington

THE POLICY of containment, which was proclaimed as the Truman Doctrine in March, 1947, was designed to prevent the expansion of what was then the Soviet orbit. But in the two years immediately following, the Chinese Communist revolution carried the whole of mainland China into the Soviet orbit. This failure to contain the expansion of the Soviet orbit has created a situation where the Communist power is in numbers, a strategic position already too big for the security of the western nations.

This is the situation—I feel reasonably certain—to which was addressed the Eisenhower-Dulles essay in a "new" foreign policy which is to supersede "containment" by "liberation."

Their fundamental error, in my view, was that for the purposes of the policy they chose to advocate in the election, they advocated an exceptionally naive view of the power and the character of totalitarian governments. They proposed to break up the mass of the Soviet orbit by inciting resistance and rebellion among the peoples.

They said they were relying on propaganda and clandestine operations—all of them measures short of war and not carrying with them a commitment to go to war if the revolutionists we incited and financed were to rebel, were about to be crushed by the Red Army, and were appealing to their American liberators to come in and help liberate them.

To announce that the great new American policy will be to incite revolt behind the Iron Curtain is to invite the satellite governments to still more extreme forms of repression. If our friends, and the friends of our friends, in the totalitarian states are to be supported and helped, the one thing not to do is to advertise our help, or—since it is the fashion to talk of politics as if it were pugilism—to telegraph our punches.

NO HAYMAKER

In any event, Gen. Eisenhower and Mr. Dulles must know that against a totalitarian government mere propaganda plus cloaks and daggers is no haymaker. In the totalitarian movement which has been going on for 20 years, which at one time or another has involved practically all of continental Europe and the whole of Eastern Asia, there has not been in my mind, a single example of a totalitarian state overthrown by a popular rebellion.

It is the very essence of a totalitarian state that it has an overwhelming monopoly of physical force and no inhibitions on the use of it. The chances of its being overthrown by a popular uprising are so small that it is not being serious to describe the incitement of rebellion as a great American foreign policy.

The true line of U.S. policy, as I feel reasonably sure Mr. Dulles knows as well as I do, is not in the rebellion of the masses against the satellite governments, but in the rebellion of the satellite governments against the U.S.S.R. In a word, Titoism: the reassertion of nationalism against the new Russian imperialism.

For the masses revolution against a totalitarian state is a form of suicide. But the rebellion of a totalitarian government has happened once. It could happen elsewhere. It ought to be the main pre-occupation of the policy of the Atlantic community to create the conditions which make Titoism practical and an advantage among the satellites and in China.

Ups and Downs

By BRIAN TOBIN

"THE LIFE" said the Elevator Man, "of Harry Tourer was a sad example of what might befall any of us. At the outset, of course, there was little to distinguish him from other youngsters. There was, it was said, a too constant concern, perhaps, about what others might think of him. But little attention was paid to this idiosyncrasy. Who could guess it was in reality the basis for the tragedy to come? Lower main!"

"Harry," said the Elevator Man, "was out of school before he showed any noticeable signs of what was in store. It began simply enough. Other youths began to laugh at him for getting off the sidewalk into the gutter every time he passed a visiting tourist in the city streets. He later took to bowing to visitors as they came off the boat or ferry, touching his forehead and looking most humble. In theatre queues, just as Harry was about to buy his ticket, he would look along the line, then hurry back and offer his place to anyone wearing a loud tie, weird sports clothes or other tourist regalia. He developed a fondness for hanging around the tourist information bureau, performing small acts of devotion or abasement before the visitors. He was by this time, of course, becoming a 'character.' But the third stage was worse. Mezzanine!"

"The disease," said the Elevator Man, "advanced rapidly. Almost overnight Harry Tourer plunged. He turned his home into a tourist home. He wore only plaid tam-o-shanter caps, loud jackets and checkered shirts. He spent most of his days riding the sightseeing wagons. He started a move to close all the mills in the city because their smoke was a detriment to the visitor industry. He wrote to the papers urging establishment of bars, casinos, night clubs, dance halls and other amusements. He also petitioned for more school buildings, because an educated populace would attract tourists. He founded an organization dedicated to flying American flags on all public buildings. He advocated horse-drawn teams instead of buses, baseball instead of cricket, and compulsory adoption of cigars, cigarettes, chewing gum and laxatives as national habits. We should have more churches, he said, because tourists would like to drive past them. He was researching on Eskimo marital customs when death overtook him. He was buried on the international boundary, but his soul flew back to what is very properly acknowledged to be a veritable tourist paradise."

How to Torture Your Wife : : : BY H. T. WEBSTER

WEATHER SYNOPSIS

How to Hold FALSE TEETH

More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little **FASTTEETH** on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, goopy, pasty taste or feeling. Does not sour. Checks "plate odor" (identifies breath). Get **FASTTEETH** today at any drug store.

VICTORIA'S SUNSHINE RECORD TO DATE, 1952— 1,714 HOURS

SYNOPSIS: A weak weather disturbance which formed in the Gulf of Alaska Wednesday will move across northern B.C. today and tonight causing cloudy, showery weather there today. Some clearing will be evident Friday as the system moves away into Alberta.

The southern part of the province will remain on the fringe of this disturbance. There will, however, be increasing thin, high cloud today and tonight with a faint risk of a few very light showers overnight.

Low cloud and fog patches will persist off the outer coasts today. Temperatures will remain much as they have been for the last day or so.

DOMINION PUBLIC WEATHER OFFICE 9 A.M. FORECASTS

VICTORIA: Cloudy overnight, clearing Friday morning. Little change in temperature. Winds light, except southwest 20 Friday afternoon. Low tonight and high Friday at Victoria, 48 and 62.

WEST COAST: Cloudy with sunny periods Friday. Fog patches along the shore Friday morning. Little change in temperature. Winds light, except northwest 15 Friday afternoon. Low tonight and high Friday at Estevan Point, 48 and 62.

VANCOUVER AND GEORGIA STRAIT: Cloudy tonight and Friday morning. Sunny Friday afternoon. Little change in temperature. Winds light, except northwest 15 along Georgia Strait Friday afternoon. Low tonight and high Friday at Vancouver airport, 49 and 60; Nanaimo, 48 and 72.

Symphony Programs, Dates Set

Symphony audiences have numerous treats in store for them in the coming series of concerts by the Victoria Symphony Orchestra opening in Royal Theatre, October 6.

Following are the dates and programs for the season.

OCTOBER 6
Rossini, "Samiramide" Overture; Mozart, "Prague" Symphony; Dvorak, "New World" Symphony.

OCTOBER 27
(George Haddad, solo pianist) Rimski-Korsakov, "Scheherazade" Suite; Beethoven, Concerto No. 5 (Emperor) for piano and orchestra.

NOVEMBER 17
Berlioz, "Roman Carnival"

Overture; Stravinski, "Firebird" Suite; Franck, Symphony in D Minor.

DECEMBER 8
(Charles Palmer and Nora von Halmberger, duo-pianists), Mozart, "The Marriage of Figaro" Overture; Bach, Concerto for two pianos and orchestra in C Minor; Mozart, Concerto for two pianos and orchestra in E Flat; Bach, Ballet Suite, "The Wise Virgins."

JANUARY 19
(Jan Cherniavski, solo pianist) Verdi, Preludes to 1st and 3rd Acts from "Traviata"; Mozart, Concerto for piano and orchestra in A Major; Mendelssohn, incidental music to "A Midsummer Night's Dream"; Liszt, "Hungarian Phantasy."

FEBRUARY 9
(Mary Hammond, solo cellist) Beethoven, "Consecration of the House"; Haydn, Concerto in D for cello and orchestra; Sibelius, Symphony No. 2 in D.

MARCH 2
(Gertrude Bates and Clifford Evens, duo violinists) Bach, Concerto for two violins and orchestra; Tschalkowski, Symphony No. 4 in F Minor (Clifford Evens, conducting).

MARCH 30
Box office for season ticket subscriptions will open in Eaton's music department next Monday, at 10 a.m.

LOWEST-PRICED IN ITS FIELD!

Chevrolet, the Leader is the lowest-priced car in its field. It's Canada's most beautiful low-priced car—and Canada's most wonderful motor car value!

Illustrated—Chevrolet Bel Air

Only Chevrolet the Lowest-Priced Fine Car offers all these Extra Features

EXTRA WIDE CHOICE of styling and colors

Ten models to choose from! Wide choice of solid colors or two-tone combinations. Here's the most wonderful array of colors in the low-price field... with color-matched interiors on all De Luxe models.

EXTRA BEAUTY AND QUALITY of Body by Fisher

The graceful, flowing lines of Body by Fisher styling... with extra quality in every detail and appointment. You'll notice the finer workmanship inside and out... in bright-work and upholstery, metal and fabric.

EXTRA SMOOTH PERFORMANCE of Centropoise Power

Here's power so smooth you'd hardly know the engine's in the car! Engine rides flexibly suspended—centred, poised, cushioned in rubber—to screen out vibration from driver and passengers.

EXTRA RIDING COMFORT of Improved Knee-Action

Chevrolet's famed unitized Knee-Action ride is now smoother, softer than ever. New Quick-Reflex shock absorber action gives instant and continuous spring control—levels the ride, gentles the bumps.

GM "SHADE-LITE" GLASS Reduces Glare, Heat and Fatigue

Chevrolet offers "Shade-Lite" tinted glass with exclusive, shaded windshield-tinting for your extra protection. "Shade-Lite" glass all round reduces glare and heat, helps you drive more safely and comfortably. (Optional at extra cost)

EXTRA STOPPING POWER of Jumbo-Drum Brakes

Bigger brakes give more leverage, for more stopping power with less pedal effort. Chevrolet Jumbo-Drum brakes have full 11" drums—for smoother, safer stops. Bonded linings last up to twice as long.

EXTRA STEERING EASE of Centre-Point Steering

Control is centred between the front wheels... giving a smoother feel to steering on road bumps or ruts. You steer, park and manoeuvre with wonderful ease, little wheel effort.

EXTRA PRESTIGE of Canada's Most Popular Car

Make your choice Canada's choice. Enjoy the satisfaction of owning the car that leads them all in sales and popularity. National preference for Chevrolet confirms your good judgment.

EXTRA SMOOTHNESS of Powerglide Automatic Transmission

It's more than an automatic transmission alone. It's a complete power team with extra-powerful Valve-in-Head engine. Automatic Choke and EconoMiser axle. Only Powerglide in its field is oil-smooth, oil-cooled. (Optional on De Luxe models at extra cost)

N.Y. PRICES UP, TRADE OFF

NEW YORK, Sept. 11 (AP)—With dogged determination the stock market held to modest gains today while business dwindled markedly.

About the best the market could do on the upside was fractions to around a point, but the less frequent minus signs were just as small.

Business came to around an estimated 1,000,000 shares after six days of holding above that mark.

Among the better performing divisions were railroads, non-ferrous metals, radio-television issues, building materials and some chemicals.

Western Union was a feature with a loss of more than three points on Wall Street reports that John Fox, heavy stockholder in Western Union, would liquidate 180,000 shares of common through a secondary offering probably next week.

Canadian issues were mostly higher.

Toronto Stronger

TORONTO, Sept. 11 (CP)—A three-day stock market decline was checked today as all sections improved toward the market's close.

Volume totaled about 2,260,000, part of it accounted for by the activity of Bell Canada, a base metal issue that traded more than 425,000 shares for penny gains.

Western oils recorded a majority of small advances as leading and lower-priced issues gained. Aluminum, British Columbia and Trans-Canada gained while Sapphirine and Com. Pete slipped.

A few base metals attracted heavy trading but high-priced issues were mixed.

In industrials, papers fluctuated during the session between gains and losses but utilities, refining oils and banks held firm. Manufacturing issues and liquors slipped.

Senior golds strengthened after a mixed day and junior producers also held firm.

Montreal Higher

MONTREAL, Sept. 11 (CP)—Prices edged fractionally higher near the close today on the stock exchange and curb market.

Extremely light turnover did not lend impetus to the upturn, a continuation of yesterday's rally from two days of sharp decline. Changes were limited to fractions and there were no wide movements.

Senior golds posted a good list of minor advances. Also ahead were senior metals, papers, steels, carriers, beverages and miscellaneous industrials, although there were scattered minus signs. Utilities and banks were weaker.

Vancouver Mixed

VANCOUVER, Sept. 11 (Noon close)—In light trading at Vancouver exchange in the early session today stocks were mixed to lower.

Active in the mining division were Quatsino, closing at 70c; Cronin Bahine 30c, a new low; and Estella also a record low at 95c; Giant Mascot at 93c was off 5c.

In the oils, United was off 5c to \$2.10; Continental \$1.90. Industrial issues were steady and mostly unchanged.

London Quiet

LONDON, Sept. 11 (CP)—British government securities fluctuated narrowly today in fairly quiet dealings on the stock exchange.

In industrials, early declines in engineering issues served to bring in fresh buyers and good recoveries were made although the group as a whole remained sensitive.

Japanese bonds mostly recorded small gains. But Germans were narrowly irregular.

Oil and shipping shares were irregular but price changes were small.

South African gold shares moved slightly higher in the case of selective issues. Coppers were irregular with some issues responding to bear covering.

LONDON, Sept. 11 (AP)—Stocks advanced and Wilson 7 1/2, Royal Dutch 30 1/2, Canadian Pacific 63 1/2, Central Mining 6 1/2, Consolidated Goldfields 44 1/2, Courtauld 27 1/2, Hudson's Bay Co. 20 1/2, Imperial Chemical 44 1/2, Tobacco 44 1/2, Metal Box 44 1/2, British 3 1/2, War Loan 1 1/2, British 1 1/2, 1940-41 1 1/2, 1941-42 1 1/2.

MONTREAL, Sept. 11 (CP)—Some improvement appeared in short-term low-coupon Government of Canada's today on Montreal bond markets. Trading was quiet. In provincial issues, the new Manitoba was well received with most trading centered in them.

On the corporate market, C.P.R. 3 1/2 Convertibles firmed as did B.A. Oil Convertibles. Non-convertibles were featureless.

TODAY'S STOCK QUOTATIONS Boost for Island Ore

By BURKE CAHILL, Times Business Editor

Shares of Quatsino Mines, which is developing iron ore and copper deposits in the northwest-ern part of Vancouver Island, ran up to a new high at the start of trading on the Vancouver market today.

The Quatsino stock has been trading around 60c for the past month but opened today at 75c.

The swift price gain followed reports from Vancouver late Wednesday that Japanese steel interests will back larger scale development of the Quatsino iron ore on the Island.

Officials of Quatsino did not deny the reports of negotiations but would not comment on them other than to say that no agreements have yet been concluded.

Mining sources close to the company believe, however, that there is a good possibility that the Japanese interests would be willing to provide capital for expansion of the Island iron deposits in return for first call on the ore.

U.S. BUYERS

The Argonaut Mining Company, which has been shipping Island ore to Japan from Campbell River, recently announced that orders have been obtained from west coast United States steel manufacturers. This possibility of alternate sources of demand for Island ore may have prompted the Japanese interests to conclude an agreement for supplies from the Quatsino company.

The holdings of Quatsino on the Island consist of 42 crown-granted claims adjoining the

property of the C.P.R.'s Coast Copper Company on the west side of Elk River.

The company has been active in diamond drilling in the area in the past year and surveys have been made to determine the best route for a road from the mine to tidewater. Surveys included soundings on which to base plans for deeper terminal shipping.

The development indicated for Island ore deposits by Quatsino's activity should help to prove up larger reserves which are believed to exist on Vancouver Island.

PUBLIC OPPOSITION

There has been public objection to the idea of shipping raw ore to Japan to be made into steel which is then sold back here. But the financial incentive of Japanese purchases of ore from the Island has helped to promote development of the known deposits.

Criticism of the Argonaut Company's shipments to the United States also appeared following announcement of the firm's latest contract with Bethlehem Steel Coast Steel. But the U.S. buyers are at least a step nearer home.

It seems reasonable to take the view at this stage that current development of Island ore bodies for supplies to the Japanese steel industry will help uncover sources of local iron which could form the basis for a British Columbia steel industry.

Interprovincial Pipe Line Co. officials said today they believe it will cost 44 cents to carry a barrel of Alberta crude oil from Edmonton to Superior, Wis., after the 10-per-cent reduction goes into effect October 15.

The reduction cuts the cost from the Redwater field to the end of the line from 53 to 46 cents.

Two leading British finance houses today made their first venture into Canada's fast-growing economy.

Baring Brothers and Morgan Grenfell and Company will team up with the Toronto issuing house of William C. Harris.

William C. Harris will be succeeded by a company known as Harris and Partners, in which the three firms will have a joint interest.

No details of Harris and Partners' capital or resources were revealed. However, issued capital of Baring Brothers is \$2,050,000, that of Morgan Grenfell \$1,500,000.

Stanley N. Jones, president of the Winnipeg Grain Exchange, today called for a free market in sales of Canadian wheat.

Addressing the annual meeting of the exchange, Mr. Jones said the present system of government controls on international grain sales would hamper marketing.

Winnipeg Grain Exchange

Prices lost early good gains today on the Winnipeg Grain Exchange but coarse grains generally closed steady.

Coarse grains received moderate commercial support as demand was less aggressive than in recent sessions. Indications were that a small export business may have been worked in barley.

Offerings were liberal during stages in the deferred months, light in the nearbys. However, they were well taken.

GRIMM TO REMAIN AS BRAVES' BOSS IN 1953

BOSTON, Sept. 11 (AP)—President Lou Perini of the Boston Braves, by telephone from Niagara Falls, N.Y., today confirmed a management announcement that Charlie Grimm would continue as the club's manager through the 1953 season.

The Braves office silenced rumors that Birdie Tebbetts, veteran Cleveland catcher, would take over the tribunes next season by emphasizing that Grimm's managerial contract runs through 1953.

When contacted in Cleveland, Tebbetts denied receiving a managerial offer from any major league club.

EASTER'S BAT BOOMING

Luke No Longer 'Boo Bird' Bait

Luke Easter, former target for Cleveland's "Boo Birds," today is top man on the hit parade of Indian fans.

Big Luke's blazing bat is spearheading the Indians' bid for the American League pennant, a drive that finds them only one game behind New York Yankees.

Both combatants have 14 games to play including a meeting in Cleveland on Sunday.

Easter drove home two runs Wednesday night on a single and his 25th homer to lead the Indians to a 5-3 victory over Philadelphia Athletics. But the Yanks protected their slim lead as Allie Reynolds pitched the Bombers to a 6-1 victory over the St. Louis Browns.

Meanwhile, Brooklyn Dodgers moved four and one-half games ahead of the New York Giants in the National League race. The Dodgers swept a two-night twill from Chicago 4-1 and 6-2 after the Giants had won a 13-inning battle from Pittsburgh 3-2 on Don Mueller's home run.

Easter, who failed to hit his weight during the first half of the campaign, has been making up for lost time since he got back into the lineup on July 15, following a sojourn with Indianapolis of the American Association.

The 240-pound first baseman departed unscathed with a .208 average. Since his recall Easter has been banging away at a .340 clip and has driven in 55 runs in 52 games.

The Indians were playing .568 ball and trailed the Yanks by three and one-half games when Easter left. Since his return the Indians have won 36 and lost 23, a 610 pace.

Easter, who has hit safely in 13 straight games, singled home the Indians' first run in the opening inning with his 100th hit of the season. He led off the eighth inning with his 29th homer, the most he has ever hit in a major league season.

Reynolds was in top form against the Browns. The right-hander, seeking his first 20-victory season, allowed only five hits and fanned 13 in racking up his 15th win. The Yanks collected 15 hits against Duane Pillette and two relief pitchers but Reynolds couldn't take it easy until the eighth, when the Bombers scored twice to up their advantage to 4-1. Joe Collins sewed it up with a two-run, inside-the-park homer in the ninth.

Johnny Rutherford, with assistance from Joe Black, and Carl Eschinger turned back the Cubs at Ebbets Field. Rutherford bowled out for a pinch-hitter during a game-winning, four-run rally in the seventh of the opener. Hank Sauer's 36th homer accounted for Chicago's run.

Canadian Boxing Body Lists Annual Ratings

MONTREAL, Sept. 11 (CP)—The Canadian Boxing Federation at annual meeting Wednesday rated Canadian boxers for 1952, detailing titleholders, top contenders and others in the running.

The rating list changed the term "outstanding boxers" to "others listed" when referring to men not considered actual contenders for the crown in their respective divisions.

List follows:

HEAVYWEIGHT

Champion, Earl Walls, Toronto; contenders, Vern Enos, Toronto, Baby Face Saunders, Winnipeg; others listed, James Parker, Toronto; Billy Wallace, Vancouver; Sonny Mathison, Edmonton; Eddie Smith, Calgary; Doug Harper, Edmonton; and Bill Carter, Vancouver.

MIDDLEWEIGHT

Champion, Eddie Saxe, Montreal; contenders, Yvon Durelle, St. Paul, Que.; Phil, Toronto; Kenny Love, Grove, Hamilton; others listed, Colby McCluskey, Darlington, N.S.; Jarvis MacKay, Vancouver; Gus Brunson, Red Deer, Alta.; and Archie Mangan, New Waterford.

WELTERWEIGHT

Champion, Roy Wouters, Montreal; contenders, Yvon Durelle, St. Paul, Que.; Phil, Toronto; Kenny Love, Grove, Hamilton; others listed, Colby McCluskey, Darlington, N.S.; Jarvis MacKay, Vancouver; Gus Brunson, Red Deer, Alta.; and Archie Mangan, New Waterford.

FLYWEIGHT

Champion, little vacant; contenders, Hugh Baker, Vancouver, and Jersey Joe Edwards, Edmonton.

An All-Around Lucky Number

It was a happy coincidence that Ann Emery, Fisgard Street, happened to be the 100,000th fan to go through the turnstiles at Athletic Park this year. Judging by Bill Halkett's picture of Miss Emery, she would probably qualify as the most beautiful fan to see the Tyes in action Wednesday night or any other night.

Chuck Hedges a Little About Brash Prediction

NEW YORK, Sept. 11 (AP)—Confident Chuck Drensen said in a magazine article published Tuesday "The Dodgers Won't Blow It Again," but he hedged a bit when interviewed about the story.

"Things have happened to our pitching staff that we didn't visualize then," the Dodgers' manager said when asked about the article carrying his byline, "As Told to Stanley Frank" in September 13 issue of the Saturday Evening Post. "Of course,

GEORGE CALLS SOCCER BACK TO SCHOOL AGAIN

Soccer goes back to school Saturday, in the new freshman class.

George Kulai, one of Victoria's best qualified soccer coaches, has again been placed in charge of the Dominion Football Association's soccer school that proved such a success last year.

Kulai will conduct the first class Saturday between 10 and 12.

All youngsters who wish to pick up the fundamentals of kicking, dribbling, heading and passing, may attend the classes.

All senior and juvenile coaches are asked to attend to help out.

Hall Enables Oaks To Keep Flag Hopes Alive

Oaklands faint pennant hopes perked up a bit Wednesday night as Seattle's Bob Hall checked Hollywood, 4-0, handing the Pacific Coast League leaders their first shutout in the last 38 games.

With rain cancelling the Oakland-Sacramento game, the Oaks climbed to within six games of Hollywood.

The Acorns will get another chance to whittle the Stars' lead in a twin bill at Sacramento Thursday night while Seattle and Hollywood play a singleton.

Hall scattered seven Hollywood hits as his Seattle mates clobbered lefty Paul Pettit for 12 safeties, including two triples and three doubles. Clarence Maddern hit a telling double and triple.

San Francisco hung a 5-0 whitewash on Portland before the season's sparsest crowd—only 371 cash customers—in Seals Stadium.

Bill Boemler authored the shutout after leading the bases in the first inning. Joe Grace's full-house double off Lyman Linde in the third gave Boemler all the punch he needed.

Los Angeles' oft-dormant power clobbered through again and the Angels plastered San Diego, 6-3, with a barrage of four homers.

San Diego clung to fourth place, a game ahead of Portland. The Angels moved to within five games of San Diego, keeping their slim first division chances alive.

SAME BALL, SAME CONTENT, BUT NO TEARS

Who Needs the Towel Now?

By ED CORRIGAN

NEW YORK, Sept. 11 (AP)—It seems like only yesterday that the major league pitchers were shedding copious tears and pointing an accusing finger at the manufacturers of the balls they tossed at the hitters.

Much too lively, they cried. Someone had been tampering with the content. They hinted darkly that there probably might have been a conspiracy to take the game away from the pitchers.

So loud was the cry that the manufacturers were forced to deny all. Same ball, same content, they maintained.

Now all is silence and a look at the records will explain why. The other day we glanced at the leading batters in the majors and would you believe it, the National League pennant winner may not have a .300 hitter when the final returns are in?

The last three in the top 10 in the National League were hitting under .300. Jackie Robinson was the top Brooklyn operative with a .298 mark and Whitey Lockman was banging away at .301 for the New York Giants.

The American League wasn't much better. It too, had the last three in the top 10 under .300. Gene Woodling of the New York Yankees and Dale Mitchell of the Cleveland Indians both were well up but where were the others? Only Mickey Mantle was managing to stay above .300.

We don't want to be one to paint a gloomy picture, but we would like to urge Stan Musial to start socking with more vigor or he's going to have the lowest average of a National League batting king since 1919.

The last time we looked his mark showed .335 and barring a slump of catastrophic proportions, he should win the championship in a breeze for the third straight year. But in '51 he had a .355 and in '50 a .346. His other three championships were even more impressive. In 1943 it was .357, in 1946 it was .365 and in 1948 it was a mighty .376. So what is a paltry .355?

'Jay' Didn't Know He Had No-Hitter

Becomes Second Victoria Pitcher to Gain W.I.L. Fame

Victoria 11, Lewiston 2

By BILL WALKER

Little Jehosie Heard carved himself a niche in Western International League's hall of fame at Athletic Park Wednesday night when he pitched a no-hit game.

The chocolate colored south-paw, who has been trying for three weeks to win his 20th game of the season, missed the other half of the coveted no-hit, no-run combination when Lewiston Broncs scored their two runs in the 11-2 Tye victory in the first inning.

There wasn't any doubt about Heard's no-hitter being "authentic."

Three Victoria errors in the first inning when the ball never left the infield area allowed the Broncs their two runs.

Shortstop Don Pries failed to close the gate on a ground ball in the eighth, the lone semblance of a possible hit from a Lewiston viewpoint, the ball skidding under Pries' glove.

Heard said afterwards "Ah didn't know ah had a no-hitter, 'cause they got those two runs in the first inning and ah couldn't remember how they got 'em."

"It's the first one ah ever had," he added, "but ah sure have pitched a flock of one-hitters."

Meanwhile, the Victoria bench was unaware that history was being made by one of their teammates.

Manager Cec Garriott admitted he "never thought there was a no-hitter going because of that first inning" and other players echoed similar thoughts.

Aldon Wilkie Did the Trick in '50

The only previous Victoria pitcher to hurl a no-hit game here was Aldon Wilkie who turned the trick against Vancouver on Aug. 18, 1950.

Other nine-inning no-hitters have been registered by Floyd Iseltie of Tacoma against Wenatchee, July 11, 1939, and George Nicholas of Vancouver against Spokane on May 16, 1950.

Floyd Bevens, Robert Kinnaman, Cy Greenlaw and Ken Wyatt have seven-inning no-hitters to their credit.

Dick Mitchell, a member of the 1948 Athletics, barely missed a seven-inning no-hit performance against Vancouver, Charlie Mead getting the lone hit with two out in the seventh.

Mead, now a member of the Lewiston team, had a similar chance to spoil Heard's pitching masterpiece in the ninth, but fled out to centre field.

Possible reason that the no-hitter in the making wasn't recognized by majority of fans and players was because the Broncs' two-run first inning.

Milt Smith opened the frame by drawing a walk. Snag Moore grounded to shortstop Jim Clark who threw the ball into the dirt at Brannham's feet and both runners were safe.

Jake Helmuth was safe at first, loading the bases, when Heard juggled his attempted sacrifice.

Butch Moran grounded to Clark, who retired Helmuth at second, Smith scoring on the play. Lu Brannham's throw to first on the attempted double play was into the dirt enabling Moore to score. Moran was thrown out attempting to take second on Brannham's overthrow.

Glen Tuckett walked in the second inning. Don Lundberg did likewise in the fifth as did Artie Wilson in the seventh. The only other Bronc to reach base was Moore on Pries' error in the eighth.

Jehosie Topped the Stickers, Too

Heard struck out six.

Tyes got to Keith Bowman in the third inning for two runs to tie the score, exploded Bowman out of the box in the fourth with a five-hit, six-run outburst and picked on Moran, who hurled the last four innings for three runs in the seventh.

Heard, incidentally, starred at the plate as well as on the hill. He got three hits and scored three runs, and to make his performance more noteworthy, weathered a bean ball from Moran which felled him in the seventh.

Bob Moran drove in three runs while Granny Gladstone picked up a double, scoring two runs in his final game of the season with the Tyes.

Gladstone left today for Portland, having been recalled by the Beavers.

Reminded that the Dodgers' 10½ game lead of August 26 this year had shrunk to four games before Wednesday's contests, Drensen explained that the article was "based on us having more (pitching) strength."

He then listed the ailing pitchers and their injured members: Clem Labine (shoulder), Johnny Rutherford (stiff shoulder), Carl Erskine (back and elbow), Ralph Branch (back) and Preacher Roe (back).

"The big thing is that our pitchers haven't been able to take their regular turns due to injuries," he continued.

In the article Drensen insisted again as he has done many times since last October 3—that the Dodgers did not choke up or collapse when they blew a 13½ game lead last year.

"The blunt truth is that the Dodgers were overrated last year," he wrote. "They weren't good enough to be out front by 13½ games in August. . . . Practically everybody on the team was in hock to the percentages, and the debts were repaid—with interest—in September."

MONIZ STILL TYEE LEADER

Gladstone Leaves Impressive Record

Granny Gladstone, Victoria Tyes' sling-armed right-fielder, almost tore down the boards in centre field with a crashing double Wednesday night when Tyes defeated Lewiston Broncs 11-2 behind the no-hit pitching of Jehosie Heard.

The blow, which added two more digits to Gladstone's impressive runs-batted-in total, was his good-bye to Victoria fans. He left today to join his parent club, Portland Beavers of the Pacific Coast League.

With the W.I.L. pennant scheduled to be officially raised at Athletic Park Saturday night, Gladstone can safely leave the club to see what he can do in aid of the Beavers.

Gladstone leaves behind him a blazing batting record, highlighted by his 125 R.B.I.'s.

Although his average is only .292, he has picked up 161 hits and scored 81 runs. He has clouted 15 home runs, six triples and 40 doubles. Defensively he ranks with the best throwers and ground-coverers in the league.

Turpin To Vie For Empire Title

LONDON, Sept. 11 (BUP)—Randy Turpin, British titleholder, will meet South African George Angelo, for the British Empire middleweight championship at Harringay Arena, Oct. 21.

The Empire title was left vacant following the death of Australian titleholder, Dave Sands, several weeks ago.

Stites Hurls Two-Hit Game, But Loses 1-0

Wenatchee's Bill Stites turned in a neat Western International League two-hitter at Salem Wednesday night, but was defeated, 1-0.

Stites pitched no-hit ball for seven innings. Wayne Peterson touched him for the first safety in the seventh, and in the eighth Bob Nelson's single to centre left in the winning tally.

Spokane nipped Vancouver, 4-3, behind eight-hit pitching by John Marshall to gain an even split in the abbreviated series at Vancouver. Bob Snyder took the loss, his 11th of the season against 14 wins.

At Kennewick, Ad Salathich fashioned a six-hit 4-0 shutout over Yakima to give Tri-City a 2-0 edge in the three-game series. Salathich struck out eight Yakima batters.

Gus Kyle Sold To Stampeters

BOSTON, Sept. 11 (AP)—Boston Bruins today sold defenseman, Walter (Gus) Kyle to Calgary Stampeters of the Western Hockey League.

Kyle, 28, played with the Boston entry in the National Hockey League last season after being obtained in a trade with New York Rangers for Paul Ronty, a forward.

Kyle and his brother, Bill, a hockey coach, plan to open a sporting goods store in Calgary. He was sold to the Stampeters at his request after the Bruins had planned to sell him to another club.

Options to Renew SEASON TICKETS for COUGARS' GAMES EXPIRE FRIDAY, Sept. 12 — 5 p.m. HOME FURNITURE BLDG. 825 Fort St.

IMPRESSIVE RECORD—George Genereux, 17, of Saskatoon, has been winning awards and trophies consistently for his remarkable sharp-shooting since he was 13. At that age he won the Manitoba-Saskatchewan junior championship and repeated the next three seasons. Last year at Vanadalia, Ohio, he won the junior championship at the Grand American Shoot, mecca of all sharpshooters. He was the first Canadian to win a major competition there. He climaxed his record by winning Canada's only gold medal at the summer Olympics at Helsinki.

GIVES CREDIT FOR FAME TO VETERAN SASKATOON MARKSMAN

Olympic Medalist Trap Tyro at 12

SASKATOON, Sept. 11 (CP)—Trapshooting has a comparatively small following in Canada, and yet the country owes its only gold medal from the last Olympic Games to a 17-year-old Saskatoon youth who handles a scatter-gun about as easily as most of us wind an alarm clock.

The young champion is George Genereux, six-foot three-inch son of a Saskatoon eye, nose, throat specialist. He is practically a phenomenon in the sport world. He is to trapshooters what Marlene Stewart is to golfers, a competitor half the age of most of his opponents and twice as good as the majority of them.

Maybe the reason George is so good is because he started young. He was shooting at traps when he was 12 and collecting awards when he was 13.

His impressive record includes the 1951 junior championships at the "Grand American Shoot" at Vandalia, Ohio, mecca of all trapshooters, and the 1952 junior "champion of champions" crown at Vandalia. One might think George spends all his waking hours banging away at clay pigeons. But it's not like that at all, and that's what makes him extraordinary.

Unlike most competitive trapshooters who practice incessantly, George gets by on a minimum amount of practice shooting. He seldom fires more than 750 registered targets in a season before competitions start. In contrast, American trapshooters last year fired 1,500,000 shells at Vandalia.

When he isn't shooting, George is a popular student at Saskatoon's Nutana high school. His

parents follow his progress as a trapshooter keenly, but they devote just as much of their interest to his academic education. There is no special reason why George took up trapshooting, except that he used to accompany his father on shooting trips and liked the feel of a big gun and the thrill of accurate shooting.

When George started shooting he used a .410-gauge gun, later graduated to a 20-gauge and eventually to a 12-gauge. His unusual ability soon caught the eye of veteran shooter Jimmy Gurgulis of Saskatoon, who has won practically every championship available in western Canada.

Under Gurgulis' tutelage, George learned the fine points of handling a shotgun. That he learned well was ably demonstrated by George, who at 13 won

the midwest international handicap against shots from Manitoba, Saskatchewan, Ontario, Minnesota and the Dakotas. He also won the Manitoba-Saskatchewan junior championship that year and repeated for the next three seasons.

Even if he hadn't won the Olympic gold medal, George still would have a place among trapshooting's greats. Last year at Vandalia, George became the first Canadian in history to win a major competition.

He almost scored a double triumph. In the class championship, he was among three shooters who broke 199 clay pigeons out of a possible 200. In the shoot-off he finished second with 24 of 25. This year George almost retained his junior title,

finishing second by a small margin.

George claims Jimmy Gurgulis is responsible for his success. He looks on Gurgulis as a kind of a second father. At Vandalia's "roaring grand," George won a fine watch and he hastened to present it to his tutor. Gurgulis declined, but he was deeply touched by the gesture.

When George was shooting for the junior championship, Gurgulis closed his eyes when it came for his young protégé to shoot the last five birds.

"What happened," he said weakly, after the last "bang."

"He broke them all," Dr. and Mrs. Genereux shouted in unison. Gurgulis jumped to his feet and let out a wild whoop that startled the spectators.

CLEARING THE FIGHT PICTURE

International Board To Name Challengers

MONTREAL, Sept. 11 (CP)—The National Boxing Association, in a tag-end session closing its annual convention, decided to sponsor a world championship fight at Las Vegas, Nev., about this time next year.

The bout—the weight division to be determined later—will be held in conjunction with the association's 34th annual convention in Las Vegas with the purpose of showing that title fights can be staged in the western United States as well as in the East.

Canucks to Be Puck Threat

VANCOUVER, B.C., Sept. 11 (UP)—Art Chapman, new head coach of the Vancouver-Canucks of the Western Hockey League, said he would leave for Guelph, Ont., Friday to look over the New York Rangers' training camp.

Since the Canucks have a new working agreement with the National Hockey League, Chapman was expected to bring at least six puck chasers back with him to open Vancouver's training camp September 24 at Penticton, B.C.

Meanwhile, Vancouver owner Coleman Hall confidently declared the 1952-53 edition of the Canucks would "be the best club Vancouver has had since the days of the old western Canada professional hockey league."

Meantime, as delegates headed home, N.B.A. officials said they would work out later the details of a proposal to set up a four-man international board to pick challengers for title crowns in the various weights.

The proposal came from the British Boxing Board of Control and was adopted by convention delegates Tuesday.

Under the plan, the British board, the European Boxing Association, the N.B.A. and the New York State Athletic Commission would nominate representatives to the international body. Their job would be to name contenders and challengers to meet champions in the various divisions.

As one spokesman told reporters: "At present, we name our challengers on this side and they name theirs over there, and there's always a rhabarb."

VANCOUVER RACE RESULTS

First Race, six furlongs:
Brighton (Riverview) \$18.80 \$5.50 \$2.80

Time, 1:36
Quintella: \$20.55.

Also ran: Neko Chief, Big Vita, Doc Crane, Dunkin', Chic He Dick, Seanichon, Joan Du Mide.

Brampton To Meet B.C. In Boxla Final

WINNIPEG, Sept. 11 (CP)—Brampton Excelsiors Wednesday night advanced into the Canadian junior lacrosse final for the Minto Cup, defeating Manitoba All-Stars 10-9 in the second game of the semi-final.

Excelsiors showed just a faint flicker of the spark that carried them to the Ontario junior championship. They had to come from behind in the fourth quarter for an 8-8 tie to prolong the game into overtime after trailing 5-1 at the end of the first quarter and 8-7 at the end of the third.

The half ended in a 7-7 split.

B.C. MITT CHAMPIONSHIP TO BE HELD IN VICTORIA

Victoria has been awarded the B.C. junior boxing championships, it was revealed at a meeting of the Vancouver Island Amateur Boxing Association Wednesday night.

Island secretary Bill Miller read a report from the annual meeting of the B.C. body at which time it was decided the junior championships would be held in Victoria. The date has not yet been decided nor has a site.

The City Police Boxing Club starts operations tonight at 7:30 and will continue every Monday and Thursday.

In charge of the club will be Ken Williamson, better known in local wrestling circles as "The Kipper Cop."

The association is still in need of other coaches to handle the youngsters anxious to learn boxing.

Empire Team Leads In Annual Tuna Tourney

WEDGEPORT, N.S., Sept. 11 (UP)—The British Empire team took an early lead into the second day of competition in the ninth International Tuna Cup match for the Alton B. Sharp Trophy today. The United States was second and Cuba third.

Louis Mowbray of Bermuda made the initial catch of the match, boating a tuna weighing 358 pounds, and Commander Dunan Hodgson of Montreal added a 303-pounder.

The United States team got into the running with the biggest fish, a 670-pounder hooked by William Carpenter of Wilmington, Del. Cuba's team weighed in with the only other catch of the day, Ramon Del Collados' 508-pound tuna, and held third.

Scoring on the basis of a point per pound of fish taken, 200 bonus points for the largest number of fish caught, and the bonus for the largest fish, the Empire team led the United States 1,061 points to 870 and Cuba was credited with 500 points.

The teams from Mexico and Venezuela went without fish Wednesday. A member of the Brazilian team hooked a shark which did not count. The line was cut after the mistake was discovered.

Cuba seemed off to a good start but two fish that were hooked were not landed. Frederico Mejer had his rod snap just as he brought a large fish to the side of the boat, and Pedro Kohly lost a catch after a 20-minute battle. The three-day competition winds up Friday.

Rochester, Montreal In Playoff Leads

(By United Press)

The Rochester Red Wings and the Montreal Royals today appeared ready to sweep into the finals of the International League playoffs.

Each team made it two for two in their respective best-of-seven semi-finals Wednesday night. The pennant-winning Royals whipped Toronto, 5-3, and Rochester edged Syracuse, 2-1.

Mal Mallette, voted the league's best left-hander, went the route for the Royals, although he was nicked for nine hits. Stubby Overmire was charged with the loss after being relieved by Gerry Fahr in the seventh. Montreal collected 10 hits, including a fourth-inning homer by Don Lutz.

Rochester whacked Bob Keegan, the best right-hander in the league, for 13 hits, but just managed to outlast the Chiefs. Jackie Collum allowed only four hits for the Red Wings and was denied a shutout when Andy Carey homered for Syracuse in the sixth inning.

MAX BELL INCREASES STABLE

DONCASTER, West Riding, Yorks, England, Sept. 11 (Reuters)—Representatives of Max Bell, Calgary publisher-sportsman, Wednesday paid 2,700 guineas (about \$8,100) for a chestnut colt from the Friarings stud, where the Derby winner Dante was bred.

The colt is by Tehran out of Belle of Ascot. Tuesday, the Anglo-Irish Bloodstock Agency, acting for Bell, bought La Veine, a bay filly by Prince Chevalier out of Fortuity, for 1,050 guineas (about \$3,150). Fortuity won the Coronation Stakes at Ascot.

ZANNELLI NO MATCH

Bratton On Way Back

DETROIT, Sept. 11 (UP)—Johnny Bratton today was a step closer to the top of the welterweight list which he once ruled, and aged Ralph Zannelli was on his way out as a boxing headline.

Bratton, a 23-year-old Chicago Negro, pounded out a ridiculously easy 10-round decision Wednesday night over Zannelli, a 37-year-old ring campaigner who has been stabbing for glory for almost 10 years.

Bratton, who won the National Boxing Association's version of the welterweight crown 18 months ago, didn't even work up a sweat as he turned back the

game-but-tired Zannelli. Both boxers weighed in at 150 pounds, but age was the deciding factor.

Bratton toyed with Zannelli through the early rounds and didn't start working until referee Tom Briscoe questioned his "dogging" after seven rounds.

EXHIBITION SOCCER

The combined Canadian Scottish-Alcos Soccer Club will work out tonight at 7 at Windsor Park. The club plays Navy Saturday in an exhibition game at Colville Road, starting at 2:30.

BETWEEN TIMES

By MONTE ROBERTS

A gentleman has written the Times' Answer Man, asking if there is any point on the island which enjoys a warmer climate throughout the year.

The gentleman states he likes Victoria, but the weather is too cold and damp.

The answer man, after he had recovered from the shock of hearing a complaint against Victoria weather, quickly replied that Victoria enjoys the best average climate on the island.

I agree heartily with the answer man—if by "average" he means "so-so."

This is undoubtedly the best so-so climate in the world.

A recent arrival to the city from the rarified atmosphere of Edmonton wishes to know why he is sleepy all the time.

This is because of the geographical position of Victoria, which, as you know, is identified in terms of longitude and latitude.

It would seem we can stop worrying about Prince Robert House. A headline in the morning paper tells us:

ROBERT HOUSE VALUE \$100,000 TO MAYOR.

If it is worth that much to the mayor, let us sell it to him before he changes his mind.

Yesterday was a good day for headlines. For instance, Page Two informed us:

PETITION DEMANDING REMOVAL OF SEAMEN'S HEAD-REPORTED

If the petition is granted, the sailor could no doubt strike up a friendship with the headless horseman.

Also in yesterday's headlines:

SICAMOUS MAN CAN'T LOCATE RICH WIDOW.

He shouldn't be too unhappy. After all, money isn't everything.

Do not be alarmed if a man in blue comes knocking at your door sometime between now and Nov. 7.

It is possible he will have not one, but two, tickets for you. And your best plan would be to accept them with a smile.

For once, you can get your money's worth from a police ticket.

The tickets I speak of will be for the annual ball of the Police Mutual Benefit Association—a cheery affair in a good cause.

The paper on Wednesday offered a very special service to radio listeners.

It listed Tuesday's programs.

I think this is a splendid idea. Personally, I do not care what I am going to hear. I just want to know what I heard.

Kidding aside, the real story is one of those hundred-to-one things that happen even in the best of newspaper families, my boss tells me. By a mischance the type from the previous day (which is held by the week for corrections) got into the form and nobody found out until too late.

A Winnipeg doctor has warned mothers that repeated "doris" in a child's early life may result in stomach ulcers, as much as 40 years later.

Parental discipline has changed, if the pain is delayed for 40 years, and then is felt in the stomach.

Perhaps we should go back to the good old days, when the results were felt immediately, in a region other than the stomach.

The brakes on the car operated by Jack Lapshinoff, 2314 Shelbourne, were poor on Aug. 28 and the result was a \$300-damage collision with another vehicle at Humboldt and Government. He pleaded guilty to a charge of having a vehicle with inadequate brakes when he appeared in city police court today and was fined \$20.

Mrs. Pauline Boyd, Room 314 Ritz Hotel, Victoria, reported to city police today that a \$75 wrist watch was stolen from her room between Wednesday night and this morning.

City policemen caught up with 23 persons in July and August who were driving cars without current year's drivers' licenses. Their fines in city police court aggregated \$635.

A fine of \$35 was imposed against Walter W. Hawes, 854 Seymour, when he pleaded guilty in city police court today to a charge of careless driving. He was involved in a Sept. 2 collision at Government and Wharf. About \$300 vehicular damage was done.

Program director Bob Morrison announced today that the Boys' Department of the Y.M.C.A. will open for the year with an open house Friday evening.

The Y's Men will hold a fellowship night tonight, while the Camera Club will resume activities tonight with a lecture and slides.

Fisherman Guilty Of Theft Attempt Awaits Sentence

Leslie Walter Wilson, 31, commercial fisherman of Victoria, was found guilty in city police court today on a charge of attempting to steal property of value of \$25 from the E. & N. Railway early this morning.

He was remanded to Friday for sentence by Magistrate H. C. Hall.

Violet Pithic, with Wilson at the time, was also remanded to tomorrow for sentence on a charge of illegally trespassing on railway property.

Evidence was that Wilson had been caught by a C.P.R. policeman in the act of prying off the lead grillwork on the stairway of a train car.

Wismer Resuming Law Practice in Vancouver Firm

Ex-Attorney-General Gordon Wismer, one of the province's most astute and colorful politicians, has resumed law practice in Vancouver.

He has rejoined the firm of Russell, Dumoulin, with which the 64-year-old barrister started his law career as a student in 1907, that finally took him to prominence as one of the best-known courtroom lawyers in British Columbia.

Mrs. Wismer, proprietor of a Fort Street antique shop, and vice-president of the Victoria Women's Canadian Club, is now in Hamilton attending a national convention of Women's Canadian Clubs.

BIG DOSE OF SMALL TROUBLES

Chimneys, Grass Blazes Keep Fire Laddies Hopping

There was trouble Tuesday at 1075 Verrinder Ave. Double trouble, in fact, and city firemen were seen leaving the premises in the early afternoon muttering to themselves.

It all started earlier in the day when the smoke-eaters were called to the place to quench a chimney fire. That was easy but soon after that came a call from a Bank Street house where it was found a child had locked himself in the bathroom and needed help to get out.

Then a third call, this time to 1075 Verrinder again where a chimney on the other side of the house had taken fire.

All in all, Tuesday and Wednesday were enough to make firemen wish they'd joined the army. They had a total of 10 calls in the 48 hours and the one that caused most disgruntlement was a rush to Stanley and Gladstone, 20 minutes after the second Verrinder Ave. call. A goodly portion of headquarters equipment tore through the streets risking life and limb to find it was a false alarm.

Sandwiched in between were grass fires that were out by the time they arrived, grass fires that had to be put out at Cook and Finlayson and late Wednesday afternoon a beach fire on the Dallas waterfront.

Then, not long before midnight Wednesday was a call to 1805 Fort Street to stop a fence fire before it reached an oil drum.

Whoops, it's started again. At 3:26 this morning an oil stove overflowed in 1426 Gladstone Avenue, and the boys had to turn out again. They returned to headquarters with their fingers crossed.

gruntlement was a rush to Stanley and Gladstone, 20 minutes after the second Verrinder Ave. call. A goodly portion of headquarters equipment tore through the streets risking life and limb to find it was a false alarm.

Sandwiched in between were grass fires that were out by the time they arrived, grass fires that had to be put out at Cook and Finlayson and late Wednesday afternoon a beach fire on the Dallas waterfront.

Then, not long before midnight Wednesday was a call to 1805 Fort Street to stop a fence fire before it reached an oil drum.

Whoops, it's started again. At 3:26 this morning an oil stove overflowed in 1426 Gladstone Avenue, and the boys had to turn out again. They returned to headquarters with their fingers crossed.

Driving Charge May Be Boosted

Hearing Stopped as Magistrate Suggests Manslaughter Pondered

Hearing in a careless driving case was halted by Magistrate H. C. Hall in city police court today with a suggestion that the prosecution consider a charge of manslaughter against the accused motorist.

Polio Virulence Appears on Wane As No New Deaths

Six new polio cases reported on the lower mainland have brought the total number of cases for the year to 285. Dr. G. F. Amyot, deputy health minister, said today.

Death toll remains at 21, unchanged since Sept. 2.

He indicated that the virulence of the disease might be on the decrease. Incidence of polio also falls off as autumn approaches, he said.

Wartime Mine Off Coast to Be Demolished

A wartime mine has been located on the west shore of Dundas Island about 35 miles northwest of Prince Rupert, it was reported by navy officials here today.

A demolition crew composed of Lieut. B. F. Ackerman and Petty Officer Colin Drew left this morning aboard an R.C.A.F. transport plane to dispose of the mine which apparently was washed up on the shore, they said.

Naval officials said the mine was old and was first located by a fisherman. The mine was reported to Victoria through the Canadian Customs at Prince Rupert.

The R.C.N. demolition crew with the co-operation of the R.C.A.F. are expected to work on the mine Friday morning.

This is the second time this year that a wartime mine has been found in Prince Rupert waters.

On June 12 at Bonilla Island, 70 miles southwest of Prince Rupert, a mine was found washed up on the beach. Ordnance Lt. Cmdr. Edward Litchfield, Borden, 44, of Victoria, was killed while working on the mine.

Vegetable Display Will Feature Fall Horticultural Show

Garden vegetable displays will feature the fall show of the Victoria Horticultural Society to be held at the Crystal Garden on Sept. 19 and 20.

"There appears to be a big interest in vegetable this year," says secretary J. N. Clark, 3163 Carroll. "I believe there will be some good exhibits in this section."

The vegetable section will not be the only attraction at the show. There will also be a large display of chrysanthemums.

Former Swim Booster Mrs. Hibberson Dies

Mrs. Alice Hibberson, 66, leading figure in Victoria and British Columbia swimming circles until recent years, died suddenly at home, 1619 Hampshire Road, this morning.

The wife of R. W. Hibberson, for many years president of the Victoria Amateur Swimming Club and the Victoria branch of the Automobile Club of British Columbia, she had been one of the most energetic of this community's citizens in encouraging and teaching young children proficiency in the water.

In the days of the Victoria Ladies' Swimming Club and later with the V.A.S.C., Mrs. Hibberson had on numerous occasions represented this city in international district competitions.

With her husband she had worked tirelessly in the interests of life-saving, teaching classes and sponsoring proficiency competitions for trophies which bear the Hibberson name.

To thousands who enjoyed the outdoor galas at the Gorge she was a familiar and respected figure, a personality of bubbling vitality and friendliness. And to hundreds she had been the teacher who started many of them on the road to stardom in aquatic sports.

Funeral services will be held Monday at 1:30 in Hayward's Ltd. B.C. Funeral Chapel.

Red Feather Army Being Recruited

An army aiming at a strength of 4,000 is being "mobilized" to take over the Red Feather Campaign for 17 city and district welfare agencies, starting Sept. 29.

The whole of the southern end of Vancouver Island has been divided into 99 districts, each to have a group or organization to take over the collection.

Working under chairman of the campaign Ralph B. Mathews and John A. Craig, will be area chairman who in turn will be responsible for the coverage of their districts.

These are David Sloan and Robert Patrick, city business; Harvey Brown and Maurice Park, city residential; Tom Finical, Oak Bay; Reeve A. C. Wurtele, Esquimalt, and Dr. Roy Trythall, Saanich.

Mark Bailey, 86, of Suite 1, 1050 Richardson, died in Royal Jubilee Hospital Wednesday as a result of injuries sustained in a fall attributed to his near-blindness.

Dr. E. C. Hart, coroner, after conducting an inquiry and receiving a report from city detectives who investigated the case, brought in a verdict of accidental death, police report.

The elderly man's son-in-law told detectives that his wife's father was en route to visit an optometrist in the Pemberton Building Tuesday and apparently mistook the basement stairway opening for the entrance to the building.

The resultant fall caused fatal injuries.

Funeral services will be held Saturday at 1:30 p.m. at the Church of St. John the Baptist, Colwood.

Rev. H. J. Jones will officiate, interment in the church cemetery.

Mr. Bailey was born in Smisby, Eng., and lived in Pincher Creek, Alta., before moving to Victoria.

He is survived by a son, Harold A. Bailey, of Victoria, and five daughters, Miss Constance D. and Miss Doris M., Mrs. Hilda Staley and Mrs. Edythe M. White, all of Victoria, and Mrs. Jessie C. Lynch-Staunton in Edmonton.

City Must Wait Two Years For Canadian Television

Program Head Dilworth Home for Brief Visit

Victoria televiewers will continue to get their programs from the United States for "at least two years," in the opinion of Ira Dilworth, director-general of program planning for the C.B.C.

Mr. Dilworth, here on a brief visit with his sister, Mrs. Tom Southern, 577 Michigan Street, says that construction would take 18 months or more.

(Prime Minister Louis St. Laurent said in Vancouver a week ago the government is going to recommend an additional loan to the C.B.C. to allow it to start construction at an early date of three new television stations, one on the Pacific Coast.)

"Even if the money were available tomorrow, I am afraid you would have to wait two years before we could get a Vancouver station in operation," Mr. Dilworth stated.

The C.B.C. now operates TV outlets in Montreal and Toronto, and hopes to build others in Vancouver, Winnipeg and Halifax.

Construction on the latter three would go on simultaneously, according to present plans.

The program planning director believes the C.B.C.'s progress in TV to date has been very satisfactory. "I saw much of their experimental work on closed circuits," he said, "and found the quality very good indeed."

One of the greatest problems in programming is to produce a "good, light variety show," Mr. Dilworth believes. "The dividing line between legitimate, first-rate humor and the banal and vulgar is a fine line, difficult to draw. We have trouble getting scripts which are both amusing and acceptable."

Bill Herbert (another Victorian) recently finished one on Kitimat, and Matthew Halton one on Ungava. Three shows are planned on the armed services and a series on university research is also in the planning stage.

"The C.B.C. is making a very serious attempt to improve the standard of all its programs," Mr. Dilworth says. His present trip has a twofold purpose: to discuss staff problems in the program department of C.B.C. outlets in the west and to get public reaction to present programs.

Mr. Dilworth worked a week in Vancouver before coming here and will visit half a dozen cities on the prairies as he returns to headquarters in Toronto.

His appointment as director-general of program planning was made in December, and one of his first moves was to step up the activities of the special events department.

In addition to spot coverage of news and sports, C.B.C. special events now prepares hour-long documentaries, designed to "present the real Canada and to refute pessimism and cynicism."

There is also difficulty in obtaining scripts for dramatic shows, and the C.B.C. plans to encourage Canadian talent in some "substantial financial way."

Contests with cash or scholarship awards are being discussed.

Mr. Dilworth, who has been with the C.B.C. for 14 years, still refers to himself as a "British Columbian." For 19 years he was teacher and later principal of Victoria High School, and for four years a professor at University of British Columbia.

SHOPPING GUIDE

English Fabric Gloves
Never Change in Price

By PENNY SAVER

Some prices may go up and down the ladder without word or warning, but there is one price you can always depend on. That is the price for English fabric gloves. They never change—are always \$1.95 a pair.

Their quality doesn't change either. The three-and-a-half button length gloves have elastic at the wrist to ensure a snug fit.

The gloves come in black, navy, brown, white, biscuit and chambray. Most people who buy these gloves claim that, if anything, they improve with washing.

You certainly couldn't go wrong with a purchase of these English fabric gloves.

If you are looking for something with high style you'll like the double-woven cotton gloves accented with touches of contrasting colors.

A really wonderful buy are the Italian kid gloves priced at \$3.95. The fancy striped gloves come in navy, brown and black.

Say, are you getting set for fall formal? If you are, you simply can't miss the opportunity of giving last season's evening gown a fashionable touch with a stole.

French lace stoles, which would do wonders for any gown, are available in town.

The delicately patterned French lace stoles are priced at \$7.95 and come in black, blue, pink, green and white.

Something else that may intrigue you for evening wear or even for street wear are the new knee-high nylon stockings.

That's right. It may take a little getting used to, but those who have tried them are all in favor of the new style. They have sturdy elastic tops which cling around the knee.

The knee-high stockings which I saw were seam free, but I hear that the style with seams will be available before long. The 51 gauge, 15 denier stockings are \$1.50.

PARENT-TEACHER NEWS

North Ward—The meeting of North Ward P.T.A. will be held in the school auditorium on Monday at 8 p.m. All parents may attend and teachers will be introduced.

Happy Valley—First meeting of season of Happy Valley P.T.A. will be held Monday at 8 in the school. Theme for meeting is "Meet the Teachers." Executive will present tentative program for the year.

Craigflower—Discussion of traffic conditions on Admiral's Road was held at meeting of Craigflower P.T.A. Constable D. Shepherd spoke on junior traffic patrol, traffic regulations and safety zones. Mrs. J. Moutray, P.T. council president, installed officers; the new president, Mrs. T. Kelly, spoke of P.T. work projects. J. Chatfield, former principal, was presented with a gift by Mrs. R. Caddell, who, in turn, received her past president's pin from Mrs. Kelly. The new principal, M. Dunnett, introduced his staff. Games and music were enjoyed under convener'ship of Mesdames A. Gray, W. Temple and R. Lawson. Refreshments were served. Date of a welcome tea

at Craigflower School for mothers of all pupils, was set for Sept. 24 at 3 p.m.

HOUSEHOLD HINTS

Better put down raisins on your shopping list for things you'll need for school lunches. The small packages go over big with the kids and supply them with a good source of quick energy.

When a recipe calls for blanched almonds this is how to prepare them. Cover the almonds with water and bring to a full rolling boil. Drain off the water. Remove the skins by pressing each almond between thumb and forefinger. Do this carefully so the almonds don't pop out of their skins like tiddly winks.

Try this popular apricot whole fruit nectar dressing on a fruit salad. Blend ½ cup apricot whole fruit nectar with 3 tablespoons honey and 1 tablespoon cornstarch, and cook until thickened. Blend in 3 tablespoons lemon juice and chill. Fold 1 cup whipped cream into dressing before serving.

Win Prizes
For Vegetables

Winners at the annual exhibition of fruit, vegetables and home cooking held in the public market for blind citizens of Victoria under the auspices of the Ladies' Auxiliary to the Canadian National Institute for the Blind included Mr. J. H. Miller, who won the silver cup for best potatoes in the show, also first prizes for potatoes and beans and a second prize for best home made bread.

First prize for bread was won by Mrs. Elizabeth Watling, who also received first prize for tomatoes. Third prize for bread went to Miss Nellie Lugin, Mr. Clare White won second prize for potatoes; Mr. W. R. Birch first for onions, also special mention for beans, and Miss Edna Porter second prize for onions. First prize for cake went to Mrs. M. Bruce and first for cookies to Mrs. J. Carr. Judges were Mr. W. J. Pynn, potatoes, and Miss J. Leask, home cooking.

AS WE LIVE

Girl, 16, Denied Dates,
Will Lack Social Poise

By ELIZABETH B. HURLOCK, Ph.D.

One of the arguments used by many parents when they refuse to allow their teenage sons and daughters have dates or go to parties is that they will have plenty of time later for these things. The young girl who wrote the following letter is confronted with this problem:

Hurlock

(Q)—"I am 16 years old. My parents refuse to allow me to have dates. They say I'm too young and will have plenty of time later in life. It's embarrassing to me to have to refuse when I'm asked for a date. How can I make my parents realize that I'm not too young?"

(A)—Point out to your parents that the other girls in your class at school as well as in the class below you are dating. If they are attractive enough to be asked. Boys and girls start to date earlier now than they did when your parents were young.

Then point out to them that other girls your age who date will have a distinct advantage over you in that they will learn social poise and become adjusted to situations where boys are involved, just through the experience they get from dating.

Your lack of sophistication in social situations will make things difficult for you when your parents finally decide that you are old enough to have dates. You will not be able to hold your own with girls who have had more experience than you and, even worse, you may find that the boys will try to take advantage of your "innocence" and lack of experience.

If you can make no headway with your parents, ask a relative your parents admire, the minister of your church, the parents of one of your girl friends, or a teacher from your school to talk to your parents. A few words from an outsider may help them to see things in a different light.

It would be a great pity to miss out on all the fun the other girls have in high school activities. This will happen unless you can get your parents' consent to date.

Elizabeth Hurlock is one of the nation's great psychologists, and she will gladly help you with personal problems.

WHY GROW OLD?

By JOSEPHINE LOWMAN

Not Enough To Be Not Ill;
You Need Vibrant Health

It is uncomfortable to be sick but I think we sometimes forget how expensive it is. Doctor bills, hospital bills, nursing bills, and just bills for medicine, can knock the poor old budget into bits.

The total is staggering if you add to that the money lost while away from work, and those hidden losses which come from doing a poor quality of work and from not expanding your career as you would have done had you been really vibrantly well.

However, the saddest loss is not financial but a loss of values in daily life. It is very difficult to be gay, to be tolerant, understanding, gracious, or enthusiastic, when one is a victim of a lowered

state of health. You just do not have the energy to do many things for others you would have done had you felt differently physically.

It is not enough not to be ill. There is all the difference in the world between not being ill and being vibrantly well. Many folks who consider themselves well are far from the ideal which fine physical health and energy would bring them.

More and more we are discovering that many diseases have their foundation in years of unhygienic living, and that chronic minor troubles and fatigue come from the same cause. The rules of health are so simple that we are apt to forget them so long as we feel reasonably well. Yet these daily tokens to vibrant living add up to such a big and important total.

Let me review them again today and you take them to your heart and mind and daily routine.

1. Good nutrition.
2. Some exercise—outdoor and mat exercises fitted to your physical ability.

3. Enough sleep.
4. Some times of relaxation; short rest periods during the day to break the feeling of rush and hurry and pressure.

5. Happy mental attitudes. A real effort to break the worry habit and live in a more relaxed way.

6. Good posture.
7. Correct weight. This really should be one of the top requirements because it has a tremendous effect on health.

Simple, aren't they? Why not take them seriously?

If you would like to have my leaflet No. 61, "Watchwords of Science for Youth After Forty," send a stamped, self-addressed envelope to Josephine Lowman in care of this newspaper.

TODAY'S RECIPE

RICE-VEGETABLE CHOWDER

Half lb. ground, uncooked meat (cooked may be used), 1 tablespoon butter or margarine, 4 cups water, 1 No. 2 can tomatoes (2½ cups), 1 cup firmly packed grated carrots, ¼ cup coarsely grated or diced onions, ¼ cup uncooked rice, 2 teaspoons salt, ½ teaspoon pepper, 1 bay leaf, 1 cup finely grated or chopped cabbage.

Method: In a large saucepan or soup kettle, brown the meat in the butter or margarine. Add the water, tomatoes, carrots, onions, rice, salt, pepper and bay leaf. Bring to a vigorous boil. Turn the heat as low as possible. Cover with a lid and leave over this low heat for 14 minutes. Add the cabbage and cook 5 minutes, or until the cabbage is tender. Remove the bay leaf. This recipe makes 8 cups of chowder.

Mr. and Mrs. H. C. Freeman, Vancouver, are visiting their son and daughter-in-law, Mr. and Mrs. Reginald A. Freeman, Glen Lake.

A WEEKLY INFORMATION SERVICE

MONTREAL, September 11th—Cook two meals at the same time! . . . It won't take a second longer to cook twice as much "Cream of Wheat" as you usually do at breakfast. Then eat half of what you've cooked aside to cool . . . and try it for lunch! "Fried Cream of Wheat" is a real treat for youngsters and hubby at luncheon. Here's how you make it:

Cut cooked, cold, firm "Cream of Wheat" into ½-inch slices. If desired, dip into beaten egg. Place 2 tablespoons salad oil in a pre-heated frying pan or griddle and fry until a golden brown on both sides. Serve at once with maple or corn syrup.

Your family—particularly the "growing-up" part of it—should eat lots of "CREAM OF WHEAT". It's not only good—it's good for them in these elements.

Have You Ever Noticed how things you learned at school suddenly come back to you? Marg said her washing always had a yellow tinge and then she remembered her chemistry teacher telling her that seven colours combine to make white, and one of them is blue. That's why there's no true white without blue. So of course, the answer to the problem of yellow-looking washings is Blue. Just wash it in the final rinsing and Presto!—your clothes and table linens will fairly sparkle. What's more, Blue is kind to fine fabrics—won't harm them in the least! Costs just a few cents a month, too.

Yes, for the whitest wash, it's RECKITT'S BLUE.

Now That The Youngsters have left for school and the beds are made and the breakfast dishes done—I'll bet you'd like a really good cup of coffee. I recommend INSTANT CHASE & SANBORN COFFEE. Takes no longer to make than boiling the water and M-m-m-m—just wait 'til you taste it! Instant Chase & Sanborn Coffee is made by real coffee people . . . it's the flavourful result of almost 100 years of coffee experience. Yes, the flavour's there—and the body—and the real lift. What's more, Instant Chase & Sanborn saves you up to 40¢ a pound compared with ground coffee. The regular size tin gives you the same number of cups as a pound of ground coffee—and just look at the difference in price!

Is Your Skin A "Sleeping Beauty?" Lovely Yvonne de Carlo, star of U-I's "Scarlet Angel," urges you to wake it up! Get to the bottom of stale make-up and grime. Ordinary cleansing cream doesn't do it, but WOODBURY COLD CREAM with Penaten does! Just try the Tissue Test and see for yourself. After using Woodbury, look at the tissue when you wipe your face. See how much more dirt you remove, how soft your skin feels. Yes, thanks to Penaten, the rich cleansing and softening oils penetrate much deeper into pore openings. Penaten loosens hidden dirt—takes rich oils so deep that your skin feels "reborn". Try Woodbury Cold Cream with Penaten. See how much lovelier it leaves your skin. 23¢, 45¢, 78¢ and \$1.15.

September Often Surprises us with a real "summer" heat wave. So my suggestion is—be prepared to give your family surprise desserts that are both cool and delicious. Keep a supply of SUNKIST LEMONADE on hand for wonderful cold lemon desserts. Here's one you'll love:

LEMON SHERBET

3 c. sugar
1 c. water
Boil together for 5 minutes. Fold syrup into:
2 stiffly beaten egg whites
Add, beating in well:
1 c. Sunkist lemon juice
1 c. water

Four into freezing tray and set cold control at fast freezing. Freeze stiff and beat or stir thoroughly. Return to freezing compartment. Freeze until freezing or freeze in crank-type freezer. (Makes about 1 quart.)

Don't Worry if you drop a bit of butter—a fleck of gravy or mayonnaise on your dress! It's not stained permanently! . . . not when you have ENERGINE CLEANING FLUID handy! Engine makes grease stains on even the most delicate of fabrics disappear like magic! And it's absolutely harmless for it contains no acids nor caustics. Just follow directions and grease spots disappear in a jiffy—without leaving tell-tale rings. You'll never be without Enginene once you've proved to yourself how it saves worry and bother and cleaner's bills, too! Ask for it at drug and department stores for as little as 25¢!

Love The Way My Dishes Sparkle when I use those grand new chemical soaps. They whisk you through dishwashing in no time! But they are extra hard on your hands, aren't they? That's why I always keep a bottle of JERGENS LOTION handy—use it after every watery job. You see, because Jergens is liquid, it quickly supplies the softening moisture that dry, thirsty skin needs. Yes, you'll find when you use Jergens after dishes and other damp housecleaning chores—your hands will look like they'd never done a "lick" of work. Truly, there's no trick to having hands with that "lady-of-leisure" look. Just keep Jergens handy—costs so little . . . only 15¢, 37¢, 66¢ and \$1.15.

Fast! It's Later Than You Think—Fall is all but here and winter won't be far behind. Yes, time's a-flying, but it's still not too late to arrange a Cool Loan to ease the strain of paying for your winter warmth. Now's the time to buy your coal—before prices get any higher—and the BANK OF MONTREAL is ready to help you pay for it with a Cool Loan. So, if you've been "putting off" coal-buying, don't wait another day to see about a loan. Call the Cool Loan. Talk it over with your husband and then pay a call on the manager of your nearest branch of "My Bank". With his assistance, you can have all your coal delivered at once, without having to pay for it all at once. You can spread out your loan repayment over as many as seven easy installments. That's what I call great help to a busy budget!

There is Such Wonderful Variety in our native fruits, clear through to October. No wonder they please everyone. And no wonder everyone in the family loves the jams and jellies you do down with those fruits . . . when you use CERTO FRUIT PECTIN. Those jams and jellies will be perfectly set . . . full of rich, fruit-flavor. Results with Certo are always so sure. You need only follow the simple recipes in the booklet, under the label of each bottle of Certo. And you'll save yourself so much time and effort! With Certo, you can do down jams and jellies in 1½ the time of the former long-boil method—and get up to 80% more jam from the same amount of fruit.

Sensational New Discovery
in Feminine Protection!

New Modess

with petal-smooth luxury fabric instead of gauze

More Absorbent!
Stronger! Safer!

Never in the development of the sanitary napkin has there been such a step forward as new petal-smooth Modess.

Now—in place of flimsy, ravelly gauze—Modess is covered with a luxurious new fabric. A wonder-fabric of rayon and cotton that's softer than gauze—yet firmer and stronger.

More absorbent! More protective! Gloriously chafe-free! Thousands of women say the new petal-smooth Modess is the most comfortable, most protective napkin they've ever worn.

Now on sale wherever sanitary napkins are sold—in Regular, Super and Junior absorbencies, in packages of 12's and 48's.

Only Modess has this new petal-smooth covering!

"You eat all You pay for"

Mr. J. A. Craig, co-chairman of the forthcoming Red Feather Campaign, explained details to representatives of more than 160 women's clubs and groups in Greater Victoria at a tea at the Beach Drive home of Hon. and Mrs. R. W. Mayhew yesterday afternoon. Among those who will take the information back to their clubs and groups were, left to right:

Mrs. R. E. Foster, president; Y.W.C.A. board of directors; Mrs. H. Reynolds, president of the Kinettes; Mrs. Georgina Parkes, vice-president of the Toastmistress Club; seated, left to right, Mrs. Marie Lawrence of the King's Daughters, and Mrs. G. A. Dufour, president Capital City Temple, No. 35, Pythian Sisters, standing.

Mr. Ralph Mathews, also co-chairman of the Red Feather Campaign, attended the gathering and stressed the need for volunteer assistants. He received immediate co-operation from everyone present, including, left to right: Mrs. Teresa

Hartnell, president, Catholic Women's League; Mrs. A. Macdonald, president of Canadian Legion Auxiliaries; Mrs. N. Phillips of the Women's Christian Temperance Union, and Mrs. Lillian Martin, president of Soroptimist Club.

Daphne Finland Married Recently

Church of Ascension of Our Lord, Westmount, Que., was scene of recent nuptial service which united Daphne Louise Finland, daughter of Mr. and Mrs. E. V. Finland, Old Esquimaux Road, Victoria, in marriage with P. O. L. J. Maurice Lalonde, son of Mr. and Mrs. R. Lalonde, Montreal.

Father D. J. Feron officiated before an altar banked with white gladioli. Guest pews were marked with bunches of maline centred with white gladioli.

Professor Savaria played organ music and Louis Lecourt was soloist. The bride, given in marriage by her father, wore an exquisite portrait gown of white Chantilly lace over net and taffeta fashioned with high neckline, a small tailored bodice buttoned down the front and long lily-point sleeves. The crinolined bouffant skirt had a scalloped hemline trimmed with a ruffle of tulle. Her fingertip veil of French tulle illusion cascaded from a coronet of matching lace. She carried a bouquet of stephanotis centred with white gladioli florettes.

Maid of honor, Miss Dianne Finland, chose a floor-length gown of wedgewood blue rustling taffeta with matching Chantilly lace cape and gloves.

Bridesmaids, Miss Pauline Kennedy and Miss Roberta Styau, chose similar gowns of

gold taffeta. They wore feather bandeaux and carried 'baskets' with motifs of sunflower yellow carnations and tulle.

Paul Lalonde, Montreal, was best man, and ushers were Pierre Carriere and Claude Lalonde.

At the reception in Victoria Hall, Westmount, the bride's table was centred with a wedding cake surrounded with sweet-heart roses. Col. John Gale, Westmount, proposed the toast.

Bridal Couple Motoring In States On Honeymoon

Following their recent marriage in St. Mary's Church, Saanichton, Mr. and Mrs. Charles Herbert Panting are motoring in the States on their honeymoon. Upon their return they will make their home at Metehosin.

Dr. E. H. Lee officiated for the former Ada Lillian Essery, daughter of Mrs. M. A. Essery, Saanichton, and the late Mr. Essery, and the son of Mrs. R. Panting, South Turner Street, and the late Mr. Panting.

Gladioli with dahlias and other fall flowers decorated the church. The bride, given in marriage by her brother, Charles Essery, wore a 'powder blue gown of ballerina-length lace over taffeta with long-sleeved lace jacket. Her matching veil misted from a powder blue hat and she carried a colonial bouquet of pink carnations, pink rosebuds and cream gladioli.

Following a honeymoon at Lake Archambault, Laurentian Mountains, the couple will make their home in Kingston, Ont., where the groom will complete his final year in engineering at Queen's University.

For her going-away ensemble the bride wore a steel-blue outfit with navy accessories and carried a Fenton coat of winter white. Her corsage was Madame Finch sweetheart roses.

Matron of honor, Mrs. Edith Randall, wore a short afternoon dress of rose pink with matching hat trimmed with pink flowers and veil. She carried a colonial bouquet of blue scabiosa and cream gladioli.

Flower girl, the bride's niece, Miss Lynn Orchard, wore a blue taffeta dress with a spray of pink flowers in her hair. She carried a basket with pink sweet peas, pink carnations and blue scabiosa.

Arthur Baxter was best man. At the reception in Saanichton Agricultural Hall, a four-tier cake embedded in pink tulle centred the bride's table. R. Nimmo proposed the toast.

For traveling the bride wore a turquoise dress with yellow shortie coat and turquoise accessories. Her corsage was talisman roses and stephanotis.

OF PERSONAL INTEREST

Entertains for Eastern Executives

Mr. S. J. Crawley, manager of the Victoria branch, National Trust Company, and Mrs. Crawley, are entertaining at a small after-five party today in their Beach Drive home to honor R. A. Laidlaw, Toronto, president of National Trust Company; Mr. J. G. Hungerford, Toronto, vice-president; and Mr. R. W. Pearson, Vancouver, assistant general manager, who are here on a two-day visit.

Welcome Home Party

Mrs. Eliza Mayhew will entertain Sunday evening in her Musgrave Street home at an informal welcome home party to honor Mr. Hans Gruber, who has returned from eastern Canada and the United States. Guests will be members of the board of directors and their wives. Miss Sara Spencer, honorary president, will be among guests.

Brides-Elect Honored

Miss Lillian Noble and Miss Mary Johnson were guests of honor at a shower given by Mrs. Grace Cliff and Miss Doreen Adams.

The brides-elect were presented with corsages of gladioli and Mrs. C. A. Noble received pink carnations. Gifts were concealed under mauve and Nile green decorated umbrellas.

Invited guests were Mesdames M. Wilkinson, S. Bath, A. Parker, J. Page, R. Holman, M. Bonner, C. Campbell, Misses E. Ferrie, J. Smith, P. Hitchings, J. Oakes, G. Noble, M. Broake and M. Fraboni.

Women Support Campaign

Mrs. R. W. Mayhew, Mrs. J. A. Craig and Mrs. R. B. Mathews received guests at the tea at which Mr. Craig and Mr. Mathews, co-chairmen of the forthcoming Red Feather Campaign, met representatives of women's groups at the home of Hon. and Mrs. Mayhew. Presiding at the attractively appointed tea table were Mrs. Claude Harrison, Mrs. J. V. Johnson, Alderman Margaret Christie, Mrs. A. C. Wurtele, Mrs. Joseph Casey and Mrs. Sydney Pickles. Assisting as serviteurs were Mrs. H. A. Brown, Mrs. G. Duck, Mrs. M. Park, Mrs. A. R. Roberts, Mrs. A. Stewart, Mrs. R. D. Travis and Mrs. R. Scott. At the door were Mrs. T. N. Finical, Mrs. J. Vicker and Mrs. G. Lindsay.

Mr. and Mrs. Allister have motored from the Cariboo to spend a few days with Mrs. G. Massie, Island Highway, Langford.

Mrs. C. W. Bradshaw has returned to Victoria from her country home at Cordova Bay and will spend the winter months at 1025 Linden Avenue.

Mrs. Hugh Story, who with her two children, has been staying with her parents, Mr. and Mrs. Hamilton Hughes, Leigh Road, Langford Lake, has returned to her home at Edmonton.

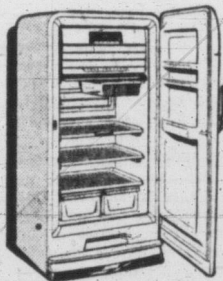

Mrs. H. W. McKenzie, who has been visiting her son and daughter-in-law, Mr. and Mrs. Kenneth McKenzie, Thurston Bay, and her daughter, Mrs. John Greenan, West Vancouver, has returned to her home at Langford.

CLUB WOMEN'S NEWS

Harvest Supper — Meeting at the home of Mrs. A. Taylor, St. David's, by the Sea Guild arranged to hold the Harvest Supper in the church hall, Oct. 3, at 6 p.m. A committee of Mesdames Taylor, J. Wyper, S. Tucker, B. Dyer and K. M. Lewis, was appointed to sell tickets. A special meeting to complete supper arrangements will be held at the home of Mrs. Lewis, on Sept. 24 at 3 p.m. Mrs. Taylor served tea assisted by Mesdames F. L. Clark, G. Rickard and P. Baker.

STRESSES FEMININE APPEAL

LONDON, Sept. 11 (CP).—A school course in the art of love-making and greater stress on "womanly" pursuits, is what the doctors have prescribed for the modern bobby-soxers.

The formula is offered by Dr. Winifred de Kok, assistant county medical officer for Essex, in the September issue of "Family Doctor," published by the British Medical Association.

"The majority of girls' schools aim at turning out sporting, games-playing Amazons who do not pander to vanity, but I think that is a mistake," the doctor writes.

"It would be far better if some of the games were cut out in favor of dressmaking, domestic science, the art of home-making and above all, the art of love."

Monterey — First meeting of fall season for Monterey P.T.A. will be held on Monday at 8.15 p.m. in the school auditorium when parents will meet the school staff and members of the executive. A special evening and refreshments will follow.

Rounded Lines Flared Skirt are new for fall

This Tip Top tailored suit has gone feminine with curly lines and lots of swing to the skirt. The secret of its flattery is perfect fit, the kind you get when your suit is cut-by-hand and tailored expressly for you. Institute Members Discuss Point Getting With Cooking

Using as examples, donations of home cooking made by members, Mrs. Nova Graham, of the B.C. Electric home service branch, gave constructive criticism to members of Sooke and North Sooke Women's Institute on procuring the most points in competition.

Pastry in pies is judged for 50 per cent, the speaker said; cakes, to be light, should have the exact quantity of shortening and flour; bread loaves should be well rounded, browned all over and have a light crust.

Mrs. M. P. Gibson was named official delegate to the South

Vancouver Island District Conference at Lake Hill on Sept. 28, and Mrs. J. B. Wilkinson, the institute delegate.

Refreshments were served by Mesdames G. R. Kendrew, G. Nixon and C. H. Radford.

Sooke-Milnes Landing—James Martin presided at the recent meeting of Sooke and Milnes Landing P.T.A. It was reported a new stove had been purchased for the lunch room. Mrs. G. Dunlop announced annual meeting will be held at Milnes Landing High School Oct. 20 at 8.

Change of Command At Malahat Function

At a ceremony held Monday night change of command of the reserve Malahat division took place at headquarters. New commander is Cmdr. G. A. Victor Thompson, succeeding Capt. Ronald Jackson, who has gone into retirement.

Cmdr. Thompson is a Victoria High School staff member. He is a veteran of the Second World War and has been active with the reserves since 1949. In that year he joined as training officer, also being named executive officer.

Lieut.-Col. Walter Mosedale, E.D., reports several changes in command of certain posts in his Canadian Scottish Regiment. They are:

Capt. J. E. Gregson, adjutant; assistant adjutant, Lieut. M. W. E. Allen; intelligence officer, Lieut. H. A. Davis.

Headquarters company commander, Maj. S. E. Park, C.D.; administrative platoon Q.M., Lieut. A. Strugnell, C.D.; transport officer, Lieut. F. W. Jones; signals officer, Maj. L. W. Johnson, E.D.

Support company commander, Maj. Joseph A. Andrews; mortar platoon, Capt. Alan McFarlane and Lieut. W. H. Cook; carrier platoon, Capt. G. H. Harris, commander; anti-tank platoon commander, Lieut. L. W. Bedington.

A company commander (also training officer of the battalion) Maj. Jack Fawcett, his second in command Capt. H. R. White.

J. R. Warburton, second in command Capt. A. M. McLeod, commander of No. 4 platoon, Lieut. J. M. Pettit, commander of No. 5 platoon, Lieut. Hugh Thorburn; commander of No. 6 platoon, Lieut. Donald Hogarth.

C company commander, Maj. Sid Digby; second in command, Capt. A. Sutherland; commander of No. 7 platoon, Lieut. P. J. Petkovitch; commander of No. 8 platoon, Lieut. William R. W. Young.

D company commander, Maj. Eric Stewart, E.D.; second in command, Capt. Hal B. Gonder, M.C.; commander of No. 10 platoon, Lieut. A. H. Rabey; commander of No. 12 platoon, Lieut. John P. Tamblin.

By the way, the first C.W.A.C. enlistee with the Scottish four women are allowed under the new army ruling) is Cpl. Irene Sawyer. She is from the army Manning Depot at Edmonton. The women will cover off clerks' positions in infantry.

Naval information tells us that "Allice," H.M.C.S. Cayuga's canine mascot during both tours in operations in Korean waters, will become a "Canadian" next Tuesday. She will have completed her

three-month "stretch" in quarantine on that date to allow her to gambol on Canadian soil... and, by the way, she will take up residence with Petty Officer and Mrs. James Tyne at 607 Raynor.

Other movements in the active navy include C.P.O.'s Norman Hurnford and Hugh Dunbar leaving H.M.C.S. Naden to go aboard H.M.C.S. Athabaskan. C.P.O.'s John Vanasse and Gerald Sparks have recently arrived back at the C.P.O.'s mess at Naden.

Thirteen sailors are now enrolled in a stoker mechanic course at Naden school. They are: A.B.'s M. Allan and E. Cross, O.S.'s D. Swayze, G. MacDonald, D. McLeod, R. Durston, R. Coghill, H. Nos, R. Williams, W. Cole, W. Boxell, R. MacLaughlin and C. Barg.

Petty Officer and Mrs. L. C. Brahan will arrive back on the West Coast this week. They have been in Nova Scotia for the past two years, where P.O. Brahan was stationed at H.M.C.S. Cornwallis.

Victoria Golfer Beaten in Final

One of Victoria's top left-handed golfers, Helmut Goertz, did right well for himself recently in the International Labor Day golf tournament in Kalispell, Montana.

Goertz was runner-up to Don Welch in a match that was decided on the 19th hole of the final round.

Goertz forced the extra hole when he rolled in a curling 30-foot putt on the 18th hole for a birdie.

In the three 18-hole rounds, Goertz shot 75-77-74—226 while Welch had 76-77-73—226.

N.H.L. Parley

CHICAGO, Sept. 11 (AP).—Bigwigs of the National Hockey League were in Chicago today for annual pre-season discussions which they expected would lead to some new agreement on methods of acquiring players.

A league announcement said the conferees will "endeavor to formulate new rules governing the drafting of players from the minor leagues and to changing the present methods of acquiring outstanding youngsters from Canadian amateur organizations."

The final 1952-53 schedule will be worked out, a league spokesman said, and it was expected that there would be some trade talk by the various club representatives attending.

Infected Animals Expose Hunter to Rabbit Fever

BY EDWIN P. JORDAN, M.D.

Every fall a considerable number of people—usually hunters—come down with a disease known as tularemia, or rabbit fever.

This is a germ disease which is rather widespread in several animals, including squirrels, cats, dogs, woodchucks, muskrats, foxes, coyotes, mink, raccoons, meadow mice, rats, pheasants and several other animals and fowl.

The cottontail rabbit is the most important source of infection, but the disease can be contracted from eating or skinning any infected animal.

Tularemia generally begins with a lump under the skin. The lump appears from one to four days after exposure to infected material. Since the places most exposed in skinning infected animals are the hands and arms, the lump is most frequent in these areas.

After about a week the lump becomes an open sore—ulcerated. If it starts on the hand or arm, the lymph glands in the arm pits become enlarged after a short time. The glands are tender and painful and may become filled with pus.

A rapid rise in temperature to 104 or even higher is characteristic. The fever rises and falls and

may even become normal for short periods while the infection is still active.

Severe fatigue both during the active stage of the infection and even for months or years afterward is common. A form of tularemia pneumonia is not unusual.

WEAR GLOVES

Tularemia should be avoided if at all possible. It isn't pleasant at best. Hunters should wear gloves while handling or skinning rabbits or other game.

Until recently tularemia was a long-lasting and disabling disease. In streptomycin a treatment has been found which promptly cures a high percentage of the victims of this disease.

143 ACCIDENTS IN TWO MONTHS

City police attended 143 traffic accidents in July and August of this year. One person was killed and 38 persons were injured in the accidents, police said. Forty-four persons were injured in other than traffic accidents. The police patrol wagon made 527 runs during the two months.

YOUNG ISLAND ARTISTS COMPETE IN 'SHOWCASE' FINALS TONIGHT

The cream of the Island's amateur talent, ranging from a boy soprano to an accordion and piano team, will fight it out tonight at 8:30 on the stage of the Royal Theatre in the finals of "Woodward's Radio Showcase." The top four contestants, selected by the audience, will appear in the grand finale next Thursday, thus ending the show's 13-week run.

Those appearing tonight are the winners of their respective weekly competitions. They include Larry Todd, boy soprano; Fern Rath, pianist; Dennis Tupman and Russ Girney, clarinet duet; Shirley Coles and Eleanor Thompson, vocal duet; Conrad and Roland Schiller, accordion and piano duet, and Pat Shakespear, pianist.

The top four voted best by the audience tonight will next week compete against Gary Howard, the 13-year-old saxophonist, and Jean McGinnis, violinist, winners of the show's semi-finals.

The talent hunt has been carried out by the show's emcees, CJVI's Hugh Curtis and Stan Peters. Musical director Jacques Sawyers will be the accompanist.

TWO FOR THE SHOW

English Interest in U.S. Play On Politics Amazes Victorian

Bob Hutchison, Victoria's contribution to Canada's Olympic team, took time out during his return trip from Helsinki to visit London and take in some of the city's theatrical highlights. That which follows includes some of our guest columnist's reactions and observations—B.H.

BY BOB HUTCHISON
During our short stay in London we were fortunate enough to see two excellent musicals, "Call Me Madam" and "South Pacific," as well as Peter Ustinov's "The Love of Four Colonels."

magic name of Mary Martin, drawing capacity crowds to the Royal Drury Lane Theatre, the biggest in London. Though Wilbur Evans is substituted for Ezio Pinza in the original cast, the show loses little. Without Mary Martin it would lose all.

She is the whole show, and she is magnificent. Perhaps the most important character to the show, other than Miss Martin, is Muriel Smith as the delightful and round Bloody Mary. A member of the original cast, Miss Smith's portrayal of the part which is difficult to imagine any other actress having. Certainly it would be harder to substitute someone for the Polynesian, Mary, than for any other member of the cast, even I think, Miss Martin.

Another almost indispensable is Fred Wayne as Luther Billis. The cunning Seabee, who leads his fellow seamen in making grass skirts for Bloody Mary to sell to unsuspecting officers, is a fine actor and an excellent baritone. Even more American than "South Pacific," "Call Me Madam" is being well received in London. Billie Worth and An-

ton Walbrook have had encouraging reviews in all the London papers. The New York production with Ethel Merman has not received any more enthusiasm.

It is difficult to understand how an English audience can become so engrossed in a play that is centred on the American political set-up. Irving Berlin's music, of course, is one reason. Though they have not become so widely popular as those of "South Pacific," the records from "Call Me Madam" have been enjoying a brisk sales volume in London.

"It's a Lovely Day Today" and "You're Just in Love" are perhaps the most widely sung, but some of the novelty tunes, such as "The Hostess With the Mostes on the Ball" and "I Like Ike," though not so well known, are excellent and catchy.

"The Love of Four Colonels" has been playing the London theatre longer than either of the musicals and, of course, can not be compared with them.

Peter Ustinov, better known as Nero in "Quo Vadis," plays the leading role in the play that he wrote obviously for his own abilities.

The four colonels, one American, one English, one French and the other Russian, set out to house their troops in an old castle in Occupied Germany. The castle, which turns out to be haunted and, among other things, to contain a Sleeping Beauty, presents an interesting conflict for the materialistic military men. Ustinov appears as a "miserable immortal," a ghost of the castle.

The resulting manoeuvres produce a hilariously funny comedy. One of the most amusing evenings in London is a trip to the Players Theatre Club at Charing Cross. It is the members proudly announce, the only Victorian theatre left in London. Actually a high-class series of vaudeville acts by has-beens, maybes and never-wases, it is full of laughs. Perhaps the best part of the evening is the atmosphere.

A master of ceremonies conducts a continual banter with the crowd which is happily eating corn beef sandwiches and drinking large schooners of beer. A convenient membership for overseas visitors makes it easy to see. For anyone going to London it provides an evening well worth while and, though somewhat tarnished, gives a quick look into London's colorful past.

IN TOWN TONIGHT

Where the Champagne Flows

On our beautiful Island, we are truly blessed, & a river, is Nature, at its very best. No one could place the rocks as they are, you could spot in a moment a man-made scar. And when a tree falls, from its weakened base, it always seems in just the right place. And the angle it rests, as the river it spans, seems to fit in to all of its plans. The greatest glory is in the swerves, painting different pictures around all the curves. And here is one & in the background, the water falls over in that gushing sound.

STARTS TODAY!

Saanich Billing Victoria Police for Services Given Free to Saanich

Saanich is billing Victoria police for costs of services which the city provides free to Saanich. It was revealed to the city police commission meeting today that Saanich has tendered a bill of \$126 to cover the cost of Saanich policemen serving residents of the municipality with summonses to appear in city police court. Period covered by the charge was April, May and June. "Do we charge them for a like service our men provide?" asked

Commissioner Brent Murdoch. "No," said Chief John Blackstock, "and in addition to that they get free use of our fingerprinting facilities and other services."

The commission felt that this charge was being used to help cut down the increased cost Saanich is being charged for the use of the city jail. The chief was instructed to arrange a meeting with the Saanich commissioners to discuss the whole matter. Saanich council is now considering building its own police station.

Set Up Road Blocks in Manhunt

Police forces of Ontario are engaged in a province-wide hunt for the slippery Boyd gang, who escaped Saturday from the Don Jail in Toronto. Officers are seen at the Wolf Island road block near Hamilton, where they hoped to net desperadoes Edwin Boyd, Steve Suchen and Leonard and William Jackson.

Winch Confident Call
Will Come to C.C.F.C.C.F. LEADER COLDWELL
VISITS VICTORIA NOV. 11

M. J. Coldwell, C.C.F. national leader, who will tour British Columbia this fall, will be in Victoria on Nov. 11. It was learned here today from Dr. J. M. Thomas, vice-president of the Provincial C.C.F. Party.

The socialist leader will address only two meetings on Vancouver Island, one in Victoria and the other in Nanaimo on Nov. 10. Dr. Thomas said.

Mr. Coldwell is seeking to strengthen his party position in B.C., which will invade the province on Nov. 4. His itinerary will follow closely that of Prime Minister Louis St. Laurent, who finished a week-long tour last Monday. It will include Nelson and Vancouver.

Following his visit to Vancouver, Mr. Coldwell will tour the Okanagan Valley, ending his B.C. tour on Nov. 14.

Demands Action
On Liquor Vote

VANCOUVER, Sept. 11 (CP)—C.C.F. leader Harold Winch here Wednesday night expressed "complete confidence" that, if the Premier attempts to dissolve the Legislature and call an election, the Lieutenant-Governor will "call upon the C.C.F. to form a government."

He demanded that the government take action "as soon as possible" to implement the liquor plebiscite.

"I am told of investigation committees. But the people's choice was clear. They said they wanted liquor by the glass."

"Any honest government must provide it."

Mr. Winch was speaking in a debate with Social Credit J. Duncan Roberts at a meeting of the McBride Ratepayers and Tenants' Association.

"A LAUGH"

The opposition leader described Health Minister Eric Martin's move to cancel arrears on hospital insurance premiums as "a laugh."

"That system has been operating for over a year, now. I wish, though, that he'd get together with his department officials. Two days ago the local hospital insurance office told me that back premiums wouldn't be collected from those who made less than \$85 a month."

"Now he says he doesn't know what system will be used. What goes on anyway?"

Mr. Winch also charged that one B.C. government department had refused to give him "routine information" which was "relevant background to a cabinet policy decision."

Mr. Winch said he had read about the policy decision in a newspaper report.

"The report said the minister claimed the decision would save money. I thought that it would cost money so, to be sure, I wrote the department simply asking for last year's statistics."

"Today I received a reply saying that this information could be had only from the minister."

"This is something that never happened before in all the years I have been leader of the opposition. It is my duty to be the watchdog of government and I think I am entitled to routine information. The coalition even gave me confidential reports."

Mr. Winch declined to say which department was involved.

"I want to speak to the minister in question. If I find that he has silenced his department or if he refuses to give the information to me, you will hear about it."

Surrender Plea
By Boyd's Wife

Leader of Jail-Breaking Gang Asked to Give Himself Up in Published Appeal

TORONTO, Sept. 11 (CP)—Mrs. Edwin Boyd today appealed to her jail-breaking husband to give himself up.

The appeal, in her own handwriting, was reproduced on the front page of the Toronto Telegram.

It read:

"My dearest Eddie,

"Am I asking too much of you under the circumstances to give yourself up? If you surrender to anyone, surrender to me or to the men both you and I know would give you a fair deal. I have thought this over so much in the past three days, and knowing me as your devoted wife, I'll wait for you no matter what the outcome may be. God willing, we will have the privilege of growing old together. This is all I ask of you and Eddie, remember always I love you dearly. Yours, Frances Boyd."

Mrs. Boyd said she and three of her children will broadcast a similar appeal tonight.

There were no new developments overnight in the hunt for Boyd and his gang who escaped Monday—Leonard Jackson, Steve Suchan and William Jackson. Rewards totalling \$26,000 have been offered for them.

Meanwhile, investigators said they have little hope of capturing the men through underworld contacts. They said one tipster who helped bring about the capture of Leonard Jackson more than a year ago has gone into hiding since the escape.

Preparations went forward for an investigation into how the gang broke out of the 88-year-old jail beside the Don River.

Pickets Dump
300 Lbs. Fish
In River

VANCOUVER, Sept. 11 (BUP)—Pickets of the United Fishermen and Allied Workers' Union (U.F.A.W.) cracked down on two Japanese Canadians caught attempting to unload a catch of salmon from their gillnetters Wednesday in Vancouver.

The two fishermen were spotted by the pickets with some 300 pounds of fish aboard their boats at the National Harbours Board wharf. They were ordered to dump the salmon, although they told union officials the fish were for home consumption and not for sale to canners.

The dumping was the first incident reported since the union ordered its striking membership to patrol the Fraser River and nearby wharves to prevent any fishermen from violating the no-fishing order.

A union spokesman said members had been instructed not to fish for at least two weeks—even for personal consumption.

Vancouver Stocks

Two mining stocks, one a gainer and the other a heavy loser, featured trading at Vancouver Exchange in the final session today.

Quatsino closed at 69c following heavy trading; Estella nose-dived to 85c for a loss of 20c.

Western oils' gains and losses were about in balance for the session after light trade. Industrials were steady in small turnover.

BULLETINS

Lumley to Leafs

CHICAGO, Sept. 11 (AP)—Chicago Black Hawks of the National Hockey League announced today that goaltender Harry Lumley has been traded to Toronto Maple Leafs in exchange for four players.

The cellar-dwelling Black Hawks acquired Al Rollins, goalie; Gus Morton, defenseman; Cal Gardner, centre, and right winger Roy Hanigman.

Identify Victim

KELOWNA, B.C., Sept. 11 (CP)—R.C.M.P. today identified Jim Cunningham, as the youth killed when the car he was riding plunged into the bushes eight miles from here Tuesday.

His body and gravely injured Bill Wilson, 21, of Ladner, B.C., lay beside the wrecked car for 32 hours, police said last night.

Pulp Cutback

VANCOUVER, Sept. 11 (CP)—Pulp and paper industry spokesmen said here today a decline in world markets has resulted in British Columbia mills cutting production of sulphate and sulphite pulp by 20 per cent. They are used for the production of Kraft paper and box products.

Newsprint is not affected, spokesmen said. The world-wide demand and price are still buoyant.

No Power Cut

TACOMA, Wash., Sept. 11 (AP)—No immediate curtailment of electric power to industries of the Pacific Northwest is contemplated at the present, Jason Dryer, deputy administrator of the defense electric power administration, reported today.

New Liquor
Plan Soon,
Reported

VANCOUVER, Sept. 11 (CP)—The Vancouver Sun said today in a dispatch from Victoria the provincial government is expected to announce its method of reforming the province's liquor system "within the next few days."

"Members of the government are known to be concerned over the unhappy situation under the present liquor law," the story said.

"They are seeking a suitable way of giving expression to the vote the plebiscite which overwhelmingly favored sale of liquor and wine by the glass in licensed premises."

"It is certain the government will order a study of the entire question of liquor distribution before framing new legislation," the story continued.

Both Sides Approve
Compromise Proposal

By DAVE STOCK

Victoria's summer-long carpenters' strike will be over tonight.

At press time this afternoon representatives of the carpenters' union and the Victoria Builders' Exchange were incorporating terms of settlement in a new agreement.

Terms of settlement are exactly as outlined in the Victoria Daily Times Wednesday. Carpenters win an immediate 25-cent increase. They return to work at \$2 an hour.

On Dec. 15, of this year, they will be given a further raise of 10 cents an hour, bringing their pay to \$2.10.

The contract will be in effect for a full 18 months. It's expiry date will be March 31, 1954.

Terms of settlement were put forward Monday by the B.C. Labor Relations Board as a compromise solution to a union-contractor stalemate which has tied up the local construction industry for 87 days.

The strike began here June 17.

First Demand 75 Cents an Hour

Before the walk-out, carpenters had demanded a 75-cent pay boost, to bring their hourly rate from \$1.75 to \$2.50. The contractors' answer was that it couldn't be considered.

Shortly after commencement of the strike, the union said it would settle for \$2.10—which was established as the new rate of pay in Vancouver and up Island. Contractors offered \$1.90.

There the two parties stayed for months, during which time neither side made any attempt to move.

Carpenter strikes elsewhere in the province came to an end, but the parties here remained deadlocked.

The Labor Relations Board moved into the picture, calling both sides together for "round-table talks." The initial meetings, although cordial, produced nothing tangible.

Real break in the strike came last week when contractors put forward a \$2 offer. At the time, it was submitted as a take-it-or-leave-it proposition.

The union submitted the offer to a standing vote of its members, and the \$2 rate was flatly rejected.

The "\$2 now-and-\$2.10 later" idea was proposed by the Labor Relations Board at a meeting it called the first of this week. Terms of the compromise formula were not officially revealed until today.

Carpenters, members of local 1598 of the United Brotherhood of Carpenters and Joiners, heard the proposition at a meeting Wednesday night in the Britannia Branch, Canadian Legion Hall, and voted to accept on recommendation of the union's bargaining committee.

Members of the Victoria Builders' Exchange, which embraces all major contractors in the area, who employ most of the building tradesmen, met this morning at 10 a.m. to ratify terms of the proposal.

William J. Hamilton, president of the exchange, announced to the Times later that contractors had agreed.

"It's all over," he said happily. Ernest Oliver, chairman of the union's strike committee, was in touch with Mr. Hamilton minutes afterward.

Membership Instructs Bargaining Group

He announced immediately following that union membership had authorized the bargaining committee to incorporate the settlement plan into a proper work agreement with the exchange.

He maintained, however, "the union would press for the same deal from smaller contractors who are non-members of the exchange."

There was no reason to believe this attitude would in any way prolong the strike against the smaller firms.

F. A. Cook, secretary of the Victoria Contractors' Association, which speaks for practically all of the small home-building contractors, acknowledged that association members met on Tuesday to consider the strike situation and had agreed that they would fall in line with whatever exchange contractors decided.

"Most of our members feel \$2.10 is too much," he said. "But we are more or less bound by what the Builders' Exchange pays. Probably what will happen is that we will enter into the agreement but will not be able to employ as many carpenters as often as we have in the past."

He said the higher rate of pay for carpenters would have the effect of reducing the demand for new home construction.

\$500,000 Wage Loss

By DON INGHAM

The most conservative of estimates place the wage loss caused by the 87-day strike of Victoria carpenters at more than \$500,000.

About 300 carpenters passed up 62 working days during the strike period, and in that time it is believed an equal number of building tradesmen lost work because of closed projects or refusal to cross picket lines.

Most unpopular aspect of the strike, to contractors and carpenters alike, was the work stoppage on schools that forced inauguration of the shift system in some schools.

Settlement of the dispute marks the end of one of the longest strikes ever carried through in Victoria, according to labor experts, and certainly one of the longest in the construction industry.
